## PREFACE

1. The accounts of Government Companies set up under the provisions of the Companies Act (including Government Insurance Companies and deemed Government Companies) are audited by the Comptroller and Auditor General of India (CAG) under the provisions of Section 619 of the Companies Act. The accounts certified by the Statutory Auditors (Chartered Accountants) appointed by the Central Government on the advice of the CAG under the Companies Act, 1956 are subjected to supplementary or test audit by officers of the CAG and CAG gives his comments or supplements the report of the Statutory Auditors. The Companies Act, 1956 empowers the CAG to issue directions to the Statutory Auditors on the manner in which the Company's accounts shall be audited.

2. The statutes governing some corporations and authorities require their accounts to be audited by the CAG and reports given by him. In respect of Airports Authority of India, National Highways Authority of India, Inland Waterways Authority of India and Damodar Valley Corporation, the CAG is the sole auditor under the relevant statutes. In respect of Central Warehousing Corporation and Food Corporation of India, the CAG has the right to conduct audit independently of the audit conducted by the Chartered Accountants appointed under the statutes governing the two Corporations.

3. Reports in relation to the accounts of a Government Company or Corporation are submitted to the Government by the CAG under the provisions of Section 19-A of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 as amended in 1984.

4. Three annual Reports on the accounts of the Companies and Corporations are issued by the CAG to the Government.

'Report No.1 (Commercial) - Review of Accounts' gives an overall appreciation of the performance of the Companies and Corporations as revealed by their accounts and information obtained in audit. This report has been prepared without taking into account the comments under Section 619(4) of the Companies Act, 1956 and the qualifications contained in the Statutory Auditors' Report.

'Report No.2 (Commercial) - Comments on Accounts' gives a resume of the important comments of the CAG on the accounts of the Companies and Corporations and the reports submitted by the Statutory Auditors (Chartered Accountants) on the audit of the Companies in pursuance of the directions issued by the CAG.

'Report No.3 (Commercial) - Audit Observations' contains the observations on individual topics of interest noticed in the course of audit of the Companies and Corporations and short reviews on aspects of their working.

5. Audit Boards are set up under the supervision and control of the CAG to undertake comprehensive appraisals of the performance of the Companies and Corporations subject to audit by CAG. Each Audit Board consists of the Chairman (Deputy Comptroller and Auditor General), two or three whole-time members of the rank of Principal Directors of Audit under CAG and two technical or other experts in the area of performance of the Company or Corporation, who are part-time members. The part-time members are appointed by the Government of India (in the respective Ministry or Department controlling the Company or Corporation) with the concurrence of the CAG. The reports of the CAG based on such performance appraisals by the Audit Board and other reviews are issued to the Government as separate reports in addition to the annual reports.

6. Provision exists in the Acts governing Reserve Bank of India, Export-Import Bank of India, Industrial Reconstruction Bank of India, National Bank for Agricultural

and Rural Development and National Housing Bank for the Central Government to appoint CAG, at any time, to examine and report upon their accounts. No such appointment was made during 1995-96.

7. The accounts of the public sector undertakings reviewed in this report cover the accounts for the years 1993-94, 1994-95 and 1995-96 (to the extent received). Where any year's accounts were not received before 31 December 1996, the figures of the previous year for which accounts had been audited have been used.

## OVERVIEW

### *I. Introduction*

As on 31.3.96, there were 258 Government Companies, 61 Deemed Government Companies, 6 Statutory Corporations and 5 Insurance Companies of the Central Government who were required to submit their accounts for audit by the Comptroller and Auditor General of India. Out of the 330 PSUs, 38 had not presented their accounts for audit by the end of December 1996. The accounts of 18 PSUs have not been reviewed for want of their accounts. The power vested in the Department of Company Affairs under the provisions of the Companies Act needs to be invoked to over take the arrears in the compilation of accounts of Govt. Companies and get the companies to present them for audit. Similar action needs to be taken in regard to Govt. Companies under the State Governments which also come under the purview of the Companies Act. Out of 986 Companies under the State Governments the accounts of 803 Companies are in arrears for compilation, including 467 companies in arrears for 3 years or more.

(Paragraph 1.1.(ii) & 1.2)

### *II. Government Investment*

Govt. of India invested Rs.58,532 crores in equity capital and advanced loans amounting to Rs.30,660 crores in 309 PSUs (reviewed in audit) upto 31.3.1996. The increase in equity and loans to PSUs during the year was Rs.2,395 crores and Rs.2,053 crores respectively. The equity investment at the end of the preceding two years stood at Rs.56,137 crores and Rs.53,804 crores.

(Paragraph 1.1.(iv) & (v))

### *III. Return On Investment*

The total dividend declared by PSUs was Rs.2,250 crores in 1995-96. However, the dividend return on equity investment of Rs.58,532 crores, worked out to just above 3.8 per cent. Out of the 156 companies earning profits, only 85 companies declared/paid dividend and only 65 PSUs observed the minimum dividend of 20 % on equity shareholding or post tax profit prescribed in the guidelines issued by the Ministry of Finance. The dividend return was less than 1 percent in 16 out of 38 Ministries/Departments. The dividend return was more than 13.5% (rate of return on Govt. Securities) in only 9 Ministries/Departments. The overall dividend return on Net Worth received by Government was only 2.06%.

As a result of accumulated losses, Net Worth of PSUs of the Ministries/Departments of Fertilizer, Heavy Industry, Textiles and Water Resources was negative. The Net Worth was 10 times the paid up capital of the PSUs of the Ministry of Finance. Net Worth of PSUs of the Ministries/Departments of Chemicals and Petrochemicals, Civil Aviation and Tourism, Commerce, Communication, Defence, Education, Environment and Forests, Health, Petroleum and Natural Gas, Railways and Space exceeded twice their paid up capital. The percentage of Net Worth to paid up capital of PSUs of all the Ministries/Departments has increased from 135 to 157 in the last two years.

Cash losses incurred by PSUs increased from Rs.3,343 crores in 1993-94 to Rs.3,868 crores in 1995-96. The accumulated losses increased by Rs.6,350 crores in the last two years. Further Government also granted waiver or deferment of interest and loan instalments receivable from PSUs amounting to Rs.2,288 crores in 1995-96.

(Paragraphs 1.3, 1.5 & 1.6)

#### *IV. Accumulated Losses*

Out of 269 Central PSUs, the equity investment in 87 PSUs had been eroded by the accumulated losses as on 31.3.1996, the net worth was negative of the order of Rs.19,698 crores as on 31.3.1996.

(Paragraph 2.1)

#### *V. Inventory & Sundry Debts*

The percentage of inventory to annual consumption exceeded 33% in 109 PSUs and 50% in 68 PSUs. Finished goods in stock were more than 1 month's sales in 97 PSUs. The high level of sundry debtors as percentage of sale also indicates need for improvement in credit policy and vigorous efforts for debt realisation.

(Paragraph 3.1)

#### *VI. Capacity Utilisation*

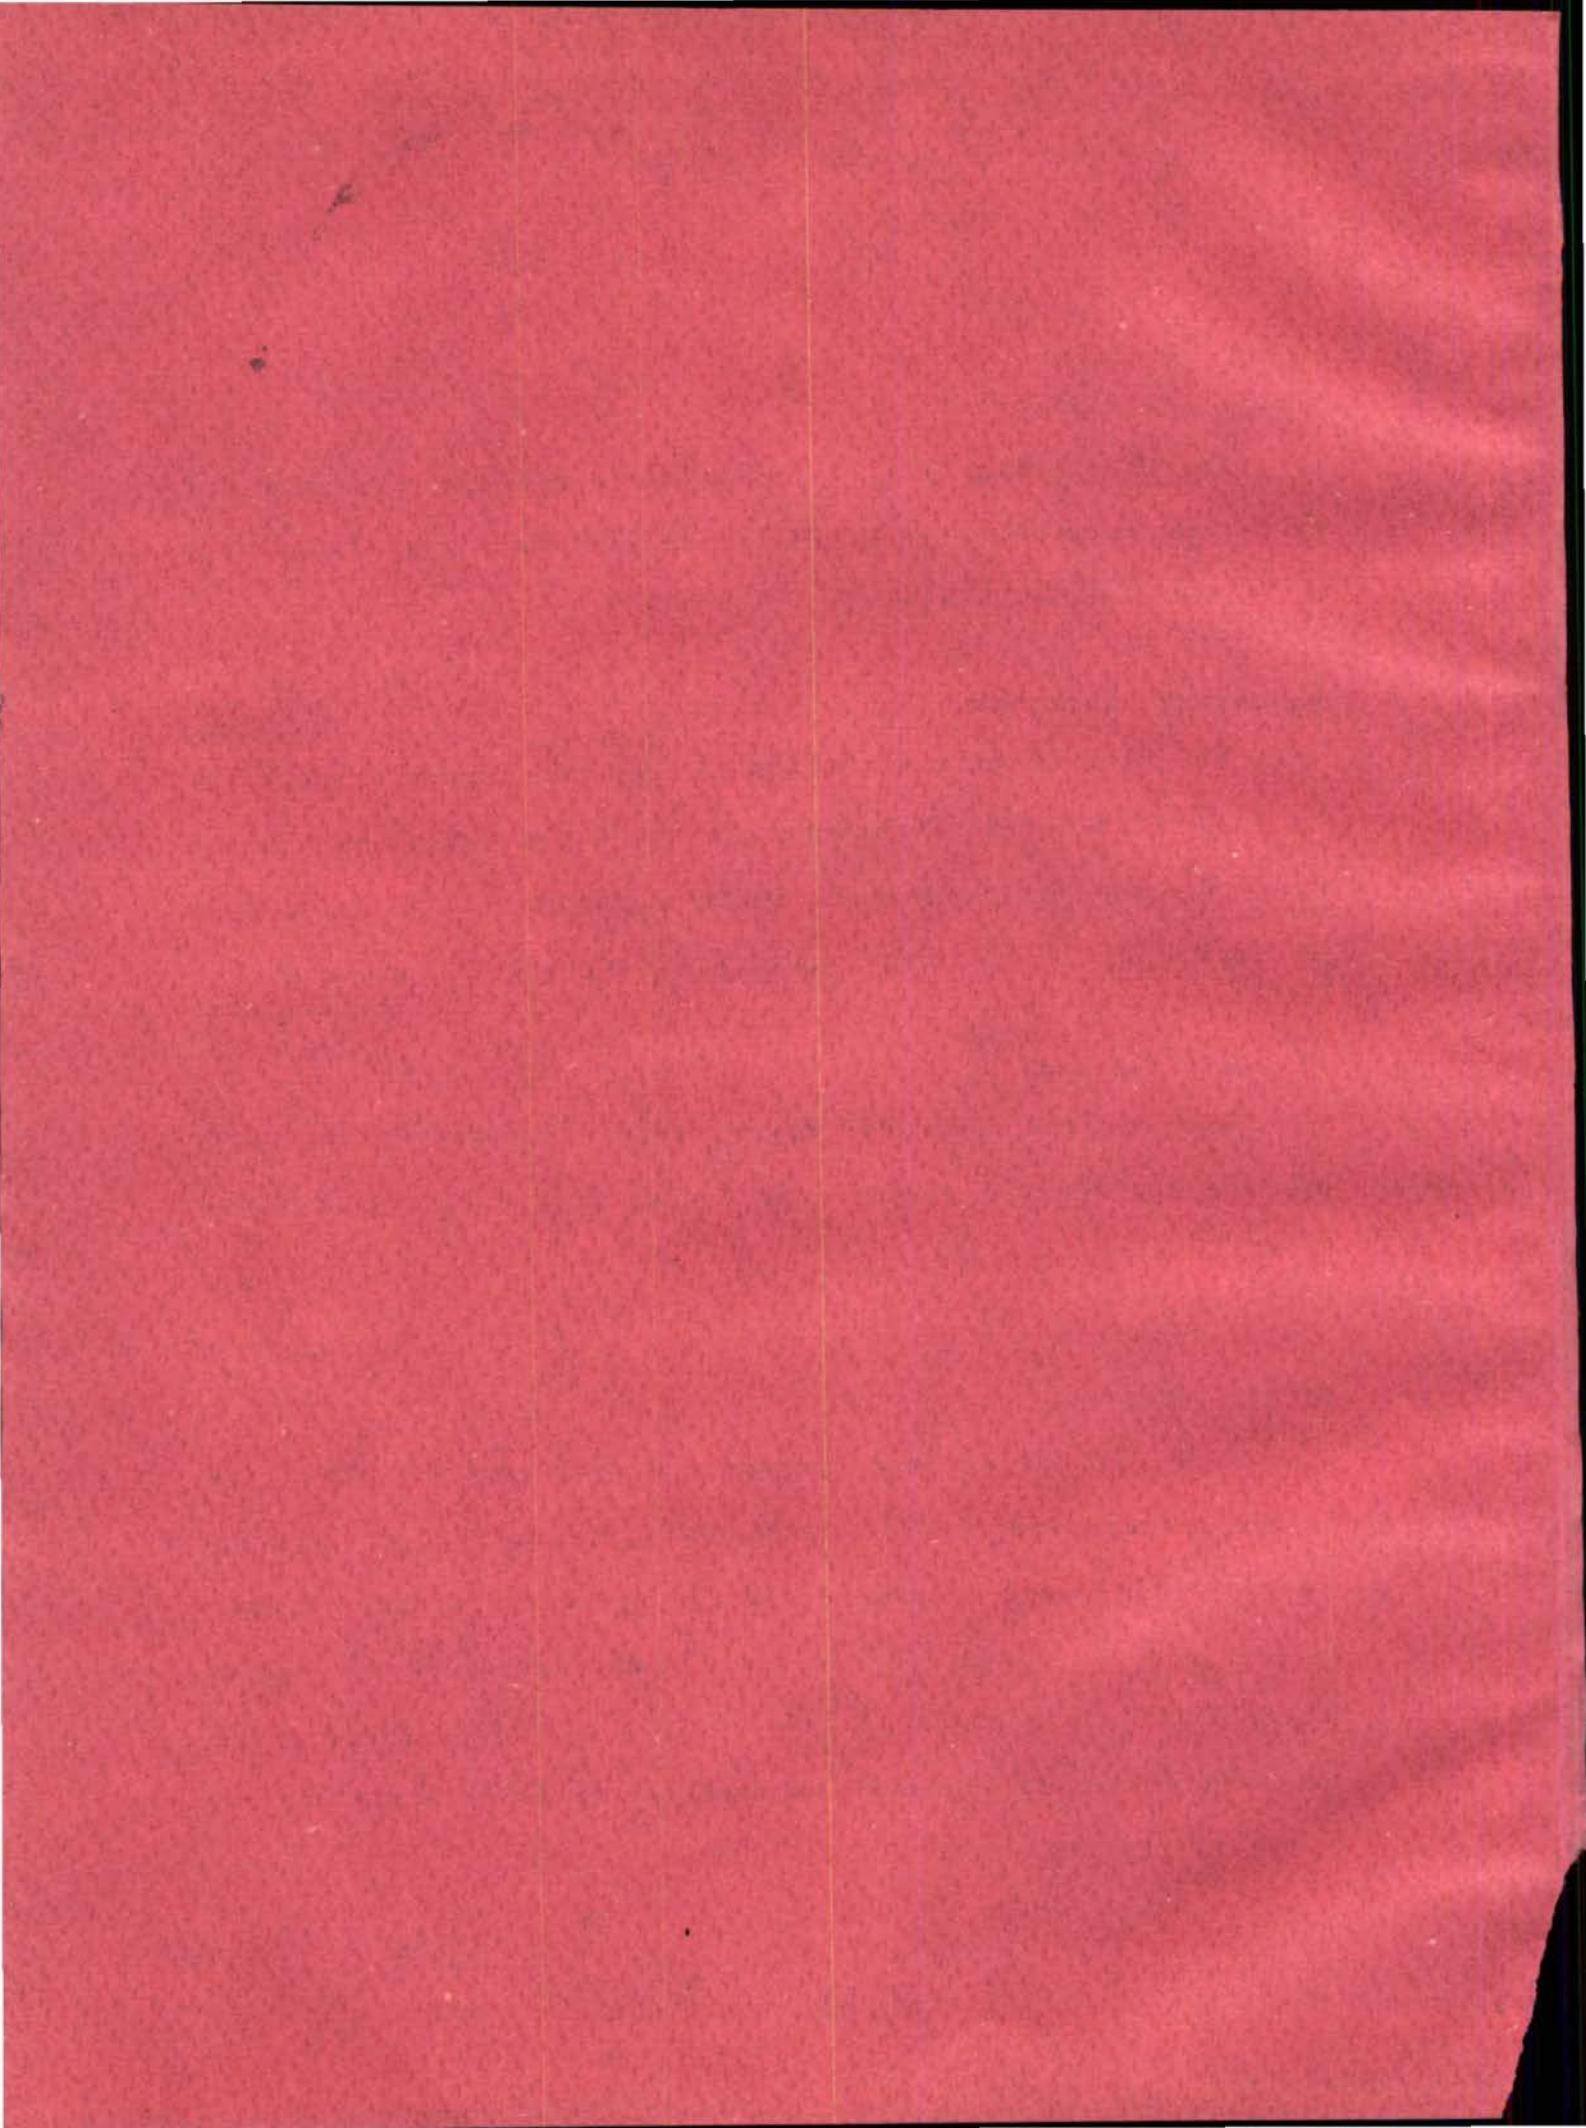

Low capacity utilisation figures clearly indicate the need for Ministries/Departments to monitor capacity utilisation in terms of standard man hours.

(Paragraph 4.1)

#### *VII. General Insurance*

In the General Insurance Companies, the profit from risk underwriting business accrued only in 1993-94 (Rs.81.35 Crores). With the exception of fire and marine insurance which are making profits, motor vehicles and other insurance business led to heavy losses. Theft Insurance business has picked up marginally during 1994-95 and made profits in 1995-96 (Rs.13.11 Crores) also. Even in foreign operations, the General Insurance Companies have not earned profits from risk underwriting business.

(Paragraphs 5.2 & 5.3)

## 1.2 Accounts in Arrears

(i) Under the provisions of Section 166, 210, 230, 619 and 619-B of the Companies Act, 1956 read with Section 19 of Comptroller and Auditor General's (DPC) Act 1971, and the provisions in relevant Acts governing the Statutory Corporations, the accounts of the Companies for every financial year are to be submitted for audit within 6 months of the end of the relevant financial year. They are also to be laid before both Houses of Parliament within 9 months of the end of the financial year. The accounts of 38 Central Government Companies, Deemed Government Companies and Corporations for 1995-96 and some earlier years had not been made available for audit even upto the end of December, 1996 (Table II). The Government Companies, Insurance Companies and Statutory Corporations have been grouped under the administrative Ministries or Departments of Government of India. The 18 Public Sector Undertakings marked with asterisks in Table II have not been reviewed in this report for want of their accounts.

(ii) The above referred provisions of the Companies Act apply equally to State Government Companies and Deemed Government Companies and the enforcement of the provisions for submission of accounts for audit is the responsibility of the Department of Company Affairs of the Government of India. The number of Companies under each State Government whose accounts are in arrears contrary to provisions of Companies Act is given in Table III. Companywise details are given in Appendix VI.

(iii) The recommendations for appointment of Statutory Auditors for Government Companies, required to be made by the CAG to the Department of Company Affairs under Section 619 of the Companies Act, have been made for the earliest year for which accounts are still to be received for audit as well as one or two subsequent years where accounts are in arrears for more than one year. Appointments become infructuous where the accounts do not become available to the Statutory Auditors for months or years after they are appointed. The necessity for action under the Companies Act to get the accounts completed and presented for audit has been impressed upon the Department of Company Affairs who have the necessary powers for taking action under the Companies Act.

(i) The outgo from the Central Government to 262 Public Sector Undertakings (included in Table I) during the years 1993-94 to 1995-96 in the form of equity capital and loans and subsidy (related to the administered prices) was as given in Table IV. The total outgo was on the decrease. The equity capital outgo during 1995-96 was considerably reduced as compared to the previous years (See also Chart 2). The loans given by the Central Government during 1995-96 was on the decrease when compared to 1994-95 but on the increase compared to 1993-94. The subsidy released was high in 1995-96.

### 1.5. Profit / Loss making PSUs

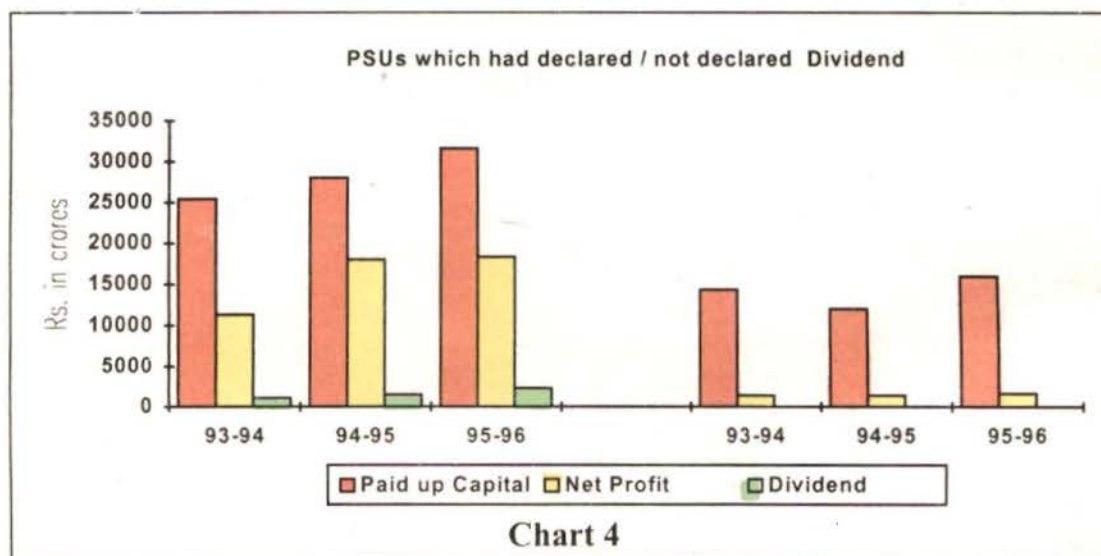

(i) The table below indicates the number of PSUs (Government Companies and Corporations) earning profits and the number of PSUs which had declared / paid dividend during the last 3 years ended 31st March 1996. (See also Chart 4).

(Rs. in crores)

\* In addition, Oriental Insurance Co. Ltd. declared dividend (out of reserves) of Rs.4 crores, though the company incurred loss during 1995-96.

@ Total profit earned by 156 PSUs during 1995-96 is Rs.19970.46 crores

(ii) Ministry of Finance, through their guidelines issued in June 1996, insisted on all the profit making PSUs for a minimum dividend of 20 percent on equity holding or 20

percent of post tax profit. However, out of 156 PSUs which earned profit for the year 1995-96, only 85 PSUs declared dividend and only 65 PSUs observed the minimum prescribed in the guidelines.

(iii) Out of the total profit of Rs.19,970 crores earned by the 156 PSUs during the year 1995-96, 62 per cent of profit was from those PSUs where administered price mechanism/assured profit margin mechanism prevailed, like PSUs in Oil, Power, Communications, Coal, Insurance, and Fertilisers sectors.

(iv) The number of PSUs which suffered losses during the last 3 years ending 31 March 1996 are given in the following table:

(Rs. in crores)

Year	No of PSUs Suffering Losses	Paid up Capital	Net Loss	Accumulated Loss
1993-94	116	22793.59	4147.36	22853.23
1994-95	111	25721.94	4537.21	27297.59

## 1.6 Returns on Investment

(i) The returns on investment by Ministries and Departments of Government, computed in terms of dividend declared as a percentage of the Net Worth are given in Table VII. The cash losses in loss making companies, exports as percentage of sales, the percentage of sales subject to price control and per capita expenditure on welfare benefits are also given. The Company and Corporation-wise details including profits earned are given in Appendix I-A.

(ii) The dividend received as a percentage of the paid up capital was less than one percent in 16 out of 38 Ministries/Departments. The dividend return was more than 13.5 per cent (rate of return on Government Securities) in only 9 Ministries/Departments, (Chemicals and Petrochemicals, Commerce, Communication, Education, Environment and Forest, Finance, Health, Petroleum and Natural Gas and Space). In the year under review bonus shares have been issued by only one Public Sector Undertaking viz. ONGC Limited. Considerable reserves and surplus have been built up in some PSUs and losses have been accumulated in some others. As a result of losses incurred over the years the combined Net Worth (paid up capital plus free reserves and Share Premium Account less accumulated losses and Deferred Revenue expenditure to the extent not written off) of the PSUs of Ministries/Departments of Fertilizer, Heavy Industry, Textiles and Water Resources was negative. (See also para 2.1).

(iii) In PSUs of Ministry of Finance, the Net Worth was over 10 times the Paid up Capital because of substantial reserves having been built up by the PSUs, but dividend return on Net Worth was only 2.71 per cent. Other than Finance, Net Worth had exceeded twice the Paid up Capital only in PSUs of 11 Ministries/Departments viz. Chemicals & Petro-Chemicals, Civil Aviation and Tourism, Commerce, Communication, Defence, Education, Environment and Forests, Health, Petroleum & Natural Gas, Railways and Space out of the total of 38 Ministries and Departments, the accounts of whose Public Sector Undertakings have been reviewed.

(iv) For the Ministries and Departments as a whole, the percentage of Net Worth to paid up Capital has increased from 135.12 to 157.28 in last two years. Cash losses went up from Rs.3,343 crores in 1993-94 to Rs.3,396 crores in 1994-95 and to Rs.3,868 crores in 1995-96 and accumulated losses went up by Rs.6,350 crores in the last two years.

(v) Exports as a percentage of sales were significant (above 20%) only in Ministries/ Departments of Commerce, Communication, Space and Surface Transport. Sales which were subject to price control were significant (over 20%) only in PSUs under Ministries/Departments of Bio-technology, Coal, Fertilizer and Petroleum and Natural Gas.

(vi) The per capita expenditure on social welfare benefits ranged from Rs.0.01 lakh to Rs.0.49 lakh during 1995-96 while the overall average per capita expenditure was Rs.0.12 lakh.

## CHAPTER 2

### ACCUMULATED LOSSES

#### 2.1 Capital Erosion

The equity investment in 87 companies under 19 Ministries and Departments (listed in Table VIII) as on 31 March 1996 has been eroded by the losses accumulated by the companies, as the networth of these 87 companies is negative (See also Chart 5). When the Net Worth is negative loans given by the Government to the Companies become doubtful of recovery. When loan funds are used to finance losses after the paid up capital is fully eroded there is little likelihood of the loans being repaid to Government. 59 Central Government Companies have been referred to the BIFR as indicated Table VIII.

## CHAPTER 3

### INVENTORIES AND TURNOVER OF CAPITAL EMPLOYED

3.1 The value of finished goods in stock at the end of the year as a percentage of Sales during the year and the value of inventories other than finished goods (e.g Raw Materials, Stores and Spares) at the end of the year as a percentage of consumption during the year, are given in Table IX for each class of Public Sector Undertakings of the Government of India. The percentage of Net Sales to Capital Employed is also given alongside. The Ministry-wise details are given in Appendix II. A lower percentage of inventories (other than finished goods) to consumption is indicative of inventory being turned over more number of times for production. In most undertakings the percentage should not exceed 33% and where it exceeds 50%, the material management requires review. Capital Employed represents Net Block plus Working Capital. If the percentage of Net Sales to Capital Employed is high, it is indicative of the efficient use of the capital. Also given are the percentage of Sales to Government Departments/Public Sector Undertakings and Sundry Debtors as percentage of Sales. In 109 PSUs, the percentage of inventories to annual consumption exceeded 33% and in 68 PSUs it exceeded 50%. The level of inventories was high in Agro based industries, Power, Transport Equipment and Transportation Services etc. The percentage of Finished goods to Sales was higher than 8.33% (i.e. one month's sales) in 97 PSUs. The percentage of Sales to Capital Employed was less than 100% in 145 PSUs. The reasons for high percentage of inventories to consumption/sales and low percentage of Sales to Capital Employed need to be looked into.

The percentage of sales to Government Sector is still high in most PSUs, which is indicative of the need to improve competitive marketing in non Government and export sectors. The high level of Sundry Debtors as percentage of Sales also indicates the need for improvement in contractual arrangements in marketing. The debtors outstanding are significantly high in Contract & Construction Services and Heavy Industry .

## CHAPTER 4

### CAPACITY UTILISATION

4.1 The highest and lowest percentage utilisation of the installed or rated capacity in each class of companies under various Ministries and Departments are given in Table X. The installed capacity is often uprated or downrated depending upon conditions of plant and machinery, manpower constraints, number of shifts worked, etc. leading to revision of rated capacity. The figures computed by the PSUs have not been presented in terms of a standard manhour unit of capacity or production. The highest and lowest rates of capacity utilisation are related to a range of products. The need for the Ministries and Departments to monitor capacity utilisation in terms of standard manhours of production feasible, as well as targeted and achieved, is clearly indicated.

The losses incurred by the Insurance Companies in Underwriting business are mainly due to losses in Motor Third Party claims and other Miscellaneous portfolios. There were heavy losses under Motor Third Party Insurance in all the years. Despite increase in claims, premium for Motor Insurance was not increased.

The net underwriting profits under Fire Insurance business has steadily decreased from 20.3 per cent in 1993-94 to 8.04 per cent in 1995-96 due to increasing incurred claims.

Another factor contributing towards loss was the increased reserve strain of Rs.383 crores for the year 1995-96 consequent to over 20 per cent growth in premium.

(iii) The details of total profit or loss incurred by the 5 Insurance Companies during the years 1993-94 to 1995-96 are given in Table XII.
