#### FINANCE ACCOUNTS OF THE GOVERNMENT OF ORISSA FOR THE YEAR 1963-64

Certificate of the Comptroller and Auditor General of India

This compilation containing the Finance Accounts of the Government of Orissa, for the year 1963-64 presents the accounts of the receipts and outgoings of the Government for the year, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. It supplements the accounts separately presented in the form of Appropriation Accounts for Grants and Charged Appropriations.

These Accounts which as Comptroller and Auditor General, I am required to prepare, have been prepared and examined under my direction in accordance with the requirements of Article 149 of the Constitution of India read with paragraph 11(4) of the Government of India (Audit and Accounts) Order, 1936, as adapted under the India (Provisional Constitution) Order, 1947. It is to be noted that the Comptroller and Auditor General's responsibility for the audit of the accounts of the Government does not at present extend in full to the audit of the accounts of revenue, but I am satisfied, on the best information available that the accounts of revenue included in the Finance Accounts herewith presented give a correct statement of the sums brought to account. Subject to these observations and also to those contained in this Compilation as well as in the Audit Report, 1965, the accounts now presented are correct statements of the receipts and outgoings of the Government of Orissa for the year 1963-64.

#### INTRODUCTORY

The Accounts of the Government of Orissa are kept in three parts:-

Part I—Consolidated Fund

Part II-Contingency Fund

Part III-Public Account.

In Part I, there are three main divisions, namely:-

- (1) Revenue;
- (2) Capital; and
- (3) Debt (comprising Public Debt, Loans and Advances and Inter-State Settlement).
  - The first division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure therefrom, the net result of which represents the reven ue surplus or deficit for the year.
  - The second division deals with expenditure met usually from borrowed funds with the object either of increasing concrete assets of a material character or of reducing recurring liabilities, such as those for future pensions, by payment of the capitalised value. It also includes receipts of a capital nature intended to be applied as set off against capital expenditure.
  - The third division comprises leans raised by Government—loans of a purely temporary nature classed as "Floating Debt" (such as, Treasury Bills and Ways and Means Advances), as well as other loans classed as "Permanent Debt"—and "Loans and Advances made by Government" together with repayments of the former and recoveries of latter. It also includes Inter-State Settlements.
- In Part II of the accounts are recorded the transactions connected with Contingency Fund set up by the Government of Orissa, under Article 267 (2) of the Constitution of India.
- In Part III of the accounts, there are two main divisions, namely:-
  - (1) Debt (other than those included in Part I) and Deposits; and
  - (2) Remittances.
    - The first division comprises receipts and payments, other than those falling under Debt heads pertaining to Part I, in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid together with repayments of the former and recoveries of the latter.
    - The second division embraces all merely adjusting heads under which appear remittances of cash between treasuries and transfers between different accounting circles. The initial debits or credits to the heads in this division are adjusted eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

2. Sections and Heads of Accounts—Within each of the divisions mentioned above, the transactions are grouped into sections which are further sub-divided into Major Heads of Accounts. The sections are distinguished by letters of alphabet, a single letter denoting the revenue portion and a double letter denoting the capital portion of a particular category of transactions, e.g., Section A denotes the revenue (and expenditure) grouped as "Collection of Taxes, Duties and other principal Heads of Revenue" and Section AA denotes the capital expenditure on works connected therewith.

The Major Heads in the Revenue and Capital divisions are numbered serially, Roman numerals being employed on the receipt side and Arabic on the disbursement side. No numbering is adopted for the Contingency Fund and for Debt, Deposit and Remittance heads, though these are also arranged in sections.

The Major Heads are sub-divided into Minor Heads and the Minor Heads into Sub-heads and Detailed heads. Under each of these heads, the expenditure is shown distributed between Charged and Voted. The Major, Minor and Sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, Sub-heads and other units of allotments which are adopted by the Finance Department for Demands for Grants but in general, a certain degree of correlation is maintained between the Demands for Grants and the Finance Accounts.

3. System of Accounts—The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year ending the 31st March, 1964 as distinguished from the amounts due to or by Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and for presenting the true state of affairs of Government Commercial Undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in commercial form and are subject to a test check by the Indian Audit and Accounts Department.

The figures of actuals shown in these accounts are net, after taking into account the recoveries, although the Demands presented to the State Legislatur and the Appropriation Accounts are for gross expenditure and exclude all credits and recoveries which are otherwise taken as reduction of expenditure.

#### Explanatory Notes

- 1. 94—Capital Outlay on Improvement of Public Health—Grants for Urban Water supply and Drainage Scheme—According to the orders issued by Government, two-thirds of the expenditure on grants-in-aid to local bodies temporarily capitalised is to be written back to revenue account under the head "30—Public Health" in twelve years beginning from 1960-61 and the balance of one-third is to be treated as loan to the local bodies. No amount has yet been transferred to the State Loan Account on this account pending issue of specific orders of Government for such transfer.
- 2. (i) Hirakud Dam Project—Stage I—The interest charges on loans obtained from the Government of India for the Project were paid annually by transferring these to the capital from out of fresh loans obtained for the purpose since 1948-49 to the completion of the project in 1959-60. The question whether the capitalisation of interest charges is permanent or whether they should be written back to revenue is under consideration of Government.
- (ii) Hirakud Subsidiary Power House Project—Stage II—The interest charges charged to this project represent the amount of interest allocated to works pertaining to Stage II of the Project before it was taken up as an independent project. The question whether the capitalisation of interest charges is permanent or whether the interest charges should be written back to revenue is under consideration of Government.
- 3. 103—Capital Outlay on Public Works—Grants to Municipalities and Notified Area Committees for improvement of Roads—According to the orders issued by Government two-thirds of the expenditure is to be written back to revenue under the head "50—Public Works" over a period of 12 years from 1960-61. Orders of Government regarding the adjustment of the remaining one-third of the amount are awaited.
- 4. 109— Capital Outlay on Other Works—Grants to Zilla Parishads and Panchayat Samitis—The terms and conditions for the write back of the expenditure to Revenue Account have not been decided so far.

#### (ii) FINANCIAL RESULTS OF ELECTRICITY SCHEMES

With the formation of the Orissa State Electricity Board with effect from the 1st March, 1961, all the completed transmission and distribution systems have been transferred to the control of the Board. The Board has also been given the responsibility of new connections and construction of transmission lines throughout the State. The allocation of assets and liabilities pertaining to the schemes concerned between the Board and the Government has not been finalised so far.

Government undertook the execution of Talcher Thermal Scheme and Talcher Utilisation Scheme in 1960-61 and 1961-62 respectively. Talcher Thermal Scheme is still in the preliminary stage of construction and the interest charges on the scheme are being met from Revenue.

Besides, Government had undertaken the Machkund Hydro-Electric (Joint) Scheme in 1944, jointly with the Government of Andhra Pradesh with equal rights. Subsequently, it was decided that Government of Orissa should transfer 20 per cent of its rights to the Government of Andhra Pradesh, for a period of 99 years in lieu of which the latter should pay compensation to the former according to the terms and conditions agreed upon. During the period of construction, Orissa and Andhra Pradesh are to bear 30 per cent and 70 per cent respectively of the capital expenditure, each bearing interest charges on the capital provided by it during the year.

The capital invested by the Government of Orissa to the end of 1958-59 was Rs. 4,62.64 lakhs. Further debits to the extent of Rs. 57.83 lakhs representing 30 per cent share of capital expenditure debitable to the Government of Orissa from April, 1959 to March, 1964 have not been accepted by them on the ground that the Government of Andhra Pradesh raised the height of the Jalaput Dam without consulting them and that they could not assume responsibility for financing any additional expenditure thereon.

Out of the total repayment of loans amounting to Rs. 10.28 crores during 1963-64 a sum of Rs. 0.16 crore representing repayment of loans obtained from the Autonomous Bodies such as Reserve Bank of India, National Co-operative Development Corporation and Life Insurance Corporation was adjusted as repayment from Revenues; the repayment of the balance amount of Rs. 10.12 crores was made from borrowed fur ds.

(2) Permanent Debt—This category covers long term loans raised from the open market to finance certain Projects. A balance amount of Rs. 0.05 crore, out of the loan of Rs. 7.68 crores raised at a discount of half per cent during 1962-63 redeemable at par in 1974 bearing interest at 4 1/2 per cent is lying outstanding under 'T—Deposits and Advances—Civil Deposits' at the end of the year 1963-64 to be eventually transferred to this head.

Full particulars of the outstanding loans amounting to Rs. 28.17 crores under this head will be found in Statement No. 17 at pages 170 to 175.

Arrangements for amortisation—In accordance with the notification inviting applications for the open market loans raised by the Government, the following provisions for the amortisation of each loan are being made annually beginning with the financial year immediately following in which the loan is raised:—

- (a) Depreciation Fund—A sum equal to 1 1/2 per cent of total nominal amount of the loans is set apart annually to form a Depreciation Fund for purchasing the securities of the loans for cancellation.
- (b) Sinking Fund—In addition to the annual contributions to the respective Depreciation Funds, an annual contribution is made to the Sinking Fund for amortisation of the loans at such rates as Government may decide from time to time.

The balances in the Funds at the commencement and to end of 1963-64 are given below:—

The Annexure to Statement No. 19 of this compilation shows further particulars of the contributions from the State Revenue to the Depreciation Fund, Sinking Fund and the investments from out of the accumulations in the Sinking Fund Account of the respective loans.

<sup>(3)</sup> Floating Debt—Ways and Means Advance from the Reserve Bank of India to the extent of Rs. 4'15 crores was availed of by the Government of Orissa during 1963-64; out of which an amount of Rs. 2'95 crores was repaid during the year 1963-64 and the balance amount of Rs. 1'20 crores was repaid in July, 1964.

(4) Loans from the Central Government—A statement of loans taken by the State Government is given in Statement No. 17 at pages 170 to 173. The Government of Orissa have made amortisation arrangement for repayment of loan taken from the Central Government for Industrial Housing Scheme. In accordance with the accounting procedure laid down by Government an amount equivalent to the actual recoveries made from the industriallsts is transferred to the Sinking Fund. The balance in the Sinking Fund for the amortisation of this loan at the end of 1963-64 amounted to Rs. 9'09 lakhs of which Rs. 7'78 lakhs stood invested in the securities of the Government of India; the particulars are given in the Annexure to Statement No. 19. The repayments of all other Central loans are being made by the State Government from fresh borrowings.

The revised terms decided by Government of India in August, 1959 for repayment of Relief and Rehabilitation loans have not been agreed to by the State Government. Sums of Rs. 0.63 crore on account of principal and Rs. 0.13 crore on account of interest remained outstanding towards repayment on this account on 31st March, 1964 according to the original terms and conditions. Repayment of principal to the extent of Rs. 0.35 lakh and interest of Rs. 0.02 lakh was made during the year.

In June, 1964, the Government of India have decided that the State Government would be absolved of their responsibility to share any portion of losses on the loans granted to displaced persons from East Pakistan prior to 31st March, 1964 (other than the loans granted to displaced persons migrating after 31st December, 1963).

The following amounts which fell due for repayment on account of principal and interest up to the 31st March, 1964 on other Central Government Loans have not yet been paid (October, 1964):—

#### Explanatory Notes

Under an agreement with the Reserve Bank of India, the Government of Orissa have to maintain with the Bank a minimum balance of Rs. 10 lakhs on Fridays and of not less than Rs. 9 lakhs on other days. The Bank informs the Government of their daily balance with the Bank at the close of each working day. If this balance falls on weekly settling days below the agreed minimum, the deficiency is made good either by taking a Ways and Means Advance from the Reserve Bank or by selling Treasury Bills.

The cash balance of the Government of Orissa with the Reserve Bank of India fell below the prescribed minimum on 47 occasions during the year 1963-64 and Government paid Rs. 0.63 lakh as interest on account of the shortfalls.

Ways and Means Advances amounting to Rs. 3,15.00 lakhs were obtained by Government on 20 occasions during 1963-64 and interest paid on this account during the year amounted to Rs. 0.07 lakh.

Treasury bills to the extent of Rs. 1,59.25 lakhs were rediscounted in April, 1963.

2. The balance with the Reserve Bank (minus Rs. 8,51.52 lakhs) as shown in Government account represents the balance taking into account all the adjustments pertaining to the year 1963-64 carried out in the books of the Reserve Bank of India in the subsequent financial year up to 25th April, 1964.

#### Explanatory Notes

The significance of the head "Government Account" is explained in Note 5 below. The other headings in this summary take into account the balances under all account heads in Government books in regard to which Government has a liability to repay the moneys received or has a claim to recover the amount paid and also heads of account opened in the books for adjustment of remittance transactions. It must be understood that these balances cannot be regarded as a complete record of the financial position of the Government of Orissa as these do not take into account all the physical assets of the State, such as Lands, Buildings, Communications, etc., nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by Government.

- (2) Subject to the remarks in Note 3 below, the balances, whether in cash or investments, under each head have been duly verified and found to agree with those shown in the separate registers or other records maintained in the Accounts Office for the purpose in accordance with the prescribed rules. They have been accepted as correct by the responsible officers concerned where necessary. The debits and credits during the year to the different Reserve Funds and Deposit Accounts of Grants, etc., were for amounts authorised by the relevant Acts or Rules of the Funds or Accounts, and there were no diversions for purposes other than those for which the Funds were constituted or the Grants were made.
- (3) A summary of receipts, disbursements and balances under Debt, Deposit, Remittance and Contingency Fund is given in Statement No. 16 at pages 150 to 169.

In a number of cases (indicated in Statement No. 16) there are unreconciled differences in the closing balance as reported in Statement No. 16 and that shown in the separate registers or other records maintained in the Accounts Office/Departmental Offices for the purpose. Steps are being taken to settle the discrepancies as soon as possible. In many cases, the full details and documents required for the purpose, are awaited from the Departmental/Treasury Officers as detailed in Appendix, Pages 186 to 190 of this compilation.

The balances are communicated to the departmental officers concerned every year for acceptance thereof. In a large number of cases such acceptances have not been received.

4. Adjustments consequent on the Integration of State from the Ist August, 1949—Consequent on the integration of 24 Indian States in the State of Orissa under the States Merger (Governor's Provinces) Order, 1949, from the Ist August, 1949, the different assets and liabilities relating to the integrated States on the date of their integration were taken over by Government of Orissa. On determination of the value of these assets and liabilities, the balances under Debt, Deposit, etc., heads are to be corrected. The process of determination of the liabilities has been completed and that of the assets is yet to be finalised. The following indicates the position at the end of the year 1963-64:—

Assets	Rs.
Balance outstanding on the 1st April, 1963	55,516
Deduct—Amount brought to Government Account by pro forma correction.	100
Outstanding balance on the 31st March, 1964	55,416

The exact amount of assets to be brought to Government Account is yet to be determined. The matter is under correspondence.

5. Government Account—Under the system of book-keeping followed in the Indian Government Account, the amounts booked under revenue, capital and other transactions of Government, in respect of which the balances are not carried forward from year to year are closed to a single head called "Government Account". The balance under this head represents the cumulative result of all such transactions so that after adding thereto the balances under Debt, Deposit, Remittance heads and Contingency Fund, the closing cash

balance at the end of the year may be worked out and proved. The Government Account for 1963-64 given below will show how the net amount at the end of the year has been arrived at:—

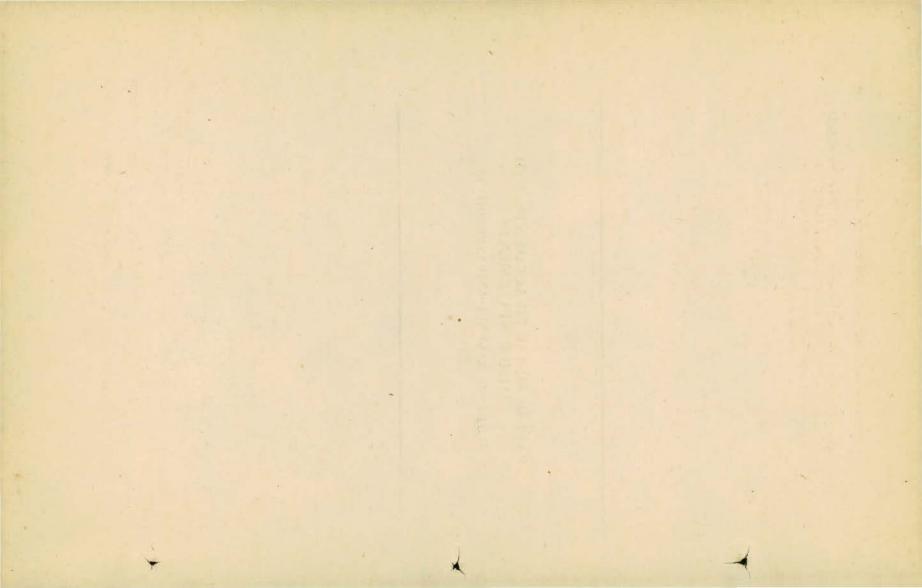

Dr. Rs.	Details	Cr. Rs.
213,56,08,198	A—Amount at the debit of the Government Account as on the 1st April, 1963.	
	B—Revenue Receipts	69,28,89,656
72,00,97,256	C-Expenditure on Revenue Account	
30,48,42,139	D—Expenditure outside the Revenue Account.	
	E—Miscellaneous	15,85,013
	F-Amount at the debit of the Govern- ment Account as on the 31st March, 1964.	246,60,72,924
316,05,47,593	Total	316,05,47,593

The amount against item 'E' relates to the adjustment made under the head "Appropriation for Reduction or Avoidance of Debt- Other Appropriations" which is closed to Government Account.

The amount at the debit of the Government Account on the Ist April, 1963 as shown against item 'A' is less than the amount of debit as on the 31st March, 1963 by a sum of Rs. 100. This is due to the fact that the opening balance of the following head of account on the Ist August, 1949was revised on incorporation in the accounts of the State Government of certain pre-merger balances of the Merged States after the close of the accounts of the previous year and that these changes have been carried out in the opening balances for the year under report as detailed below. Corresponding changes have been made in the opening balance of the Government Account.
