FINANCE ACCOUNTS OF THE GOVERNMENT OF ORISSA FOR THE YEAR 1949-50 AND THE REPORT OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA

CERTIFICATE OF THE COMPTROLLER AND AUDITOR GENERAL. OF INDIA

This compilation containing the Finance Accounts of the Government of Orissa for the year 1949-50 and the report of the Comptroller and Auditor General of India presents the accounts of the receipts and outgoings of the Government of Orissa for the year, together with a report on the financial results disclosed by the different accounts and other data coming under examination, that is to say, both the revenue and capital accounts, the accounts of the public debt and the liabilities and assets of the Government of Orissa as deduced from the balances recorded in its books and other information. It supplements the report of the Comptroller and Auditor General of India on the accounts of the audited expenditure of the Government for the year, separately presented in the form of Appropriation Accounts for each Grant. In compliance with Article 151 (2) of the Constitution of India, the Comptroller and Auditor General's report on the accounts accompanied by the accounts themselves is submitted by the Comptroller and Auditor General to His Excellency the Governor to be laid before the State Legislature:

Both the Finance Accounts and the Appropriation Accounts for 1949-50 which as Comptroller and Auditor General I am required to audit, have been examined under my direction in accordance with the provisions of the Government of India (Audit and Accounts) Order, 1936 as adapted under the India (Provisional Constitution) Order, 1947 read with Art. 149 of the Constitution of India. It is to be neted that the Comptroller and Auditor General's responsibility for the audit of the accounts of the Government does not extend in full to the audit of the accounts of revenue but I am satisfied on the best information available that the accounts of revenue included in the Finance Accounts herewith presented give a correct statement of the sums brought to account. Subject to these observations and also to those contained in the detailed reports which follow and in the report on the Appropriation Accounts, the accounts now presented are correct statements of the receipts and outgoings of the Government of Orissa for the year 1949-50.

I.-Report

INTRODUCTORY

1. Main Divisions of Accounts.—There are four main divisions of Government accounts :—

(1) Revenue.

(2) Capital.

(3) Debt.

(4) Remittance.

The first division deals with receipts from taxation and other sources of revenue and the expenditure therefrom, the net result of which represents the revenue surplus or deficit for the year. The second divison deals with expenditure met usually from borrowed funds with the object either of increasing concrete assets of a material character or of reducing future recurring liabilities, such as those for future pensions by payment of the capitalised value. It also includes receipts of a capital nature which can properly be applied as a set-off to capital expenditure. The third division comprises receipts and payments in respect of which Government incurs a liability to repay the money received or has a claim to recover the amounts paid, together with repayments of the former and recoveries of the latter. The fourth and last division embraces all merely adjusting heads; e.g., cash remittances from one treasury to another, transfers between different accounting circles and remittances between India and England. Credits and Debits taken to the adjusting heads in the first instance are cleared eventually by adjustment under final heads.

The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year April to March, as distinguished from amounts due to or by Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and presenting the true state of affairs of Government commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and these accounts are subjected to a suitable audit check by the Indian Audit Department.

2. Sections and heads of Accounts.—Within each of the four divisions mentioned above the transactions are grouped into Sections which are further sub-divided into Major heads of Account. The Sections are distinguished by letter of the alphabet, a single letter denoting the revenue portion and a double letter denoting the capital portion of a particular category of transactions, e.g., Section A denotes the revenue (and expenditure) grouped as 'Principal Heads of Revenue' and Section AA denotes the capital expenditure on works connected therewith. The Major heads in the Revenue and Capital divisions are numbered serially, Roman numerals being employed on

the receipt side and Arabic on the disbursement side. No numbering is adopted for debt and remittance heads though these are also arranged in Sections.

The Major heads are sub-divided into Minor heads and Minor heads into. Sub-heads and Detailed heads. Under each of these heads the expenditure is shown distributed between charged and voted. The Major, Minor and Sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, Sub-heads and other units of allotment which are selected by the Finance Department for Demands for Grants and the Appropriation Accounts; but in general, a certain degree of correlation is maintained between the Demands for Grants and the Appropriation Accounts on the one hand and the Finance Accounts on the other.

3. Balances and Reserves.—The accounts work from balance to balance, these balances working up to the general cash balances, a portion of which is kept in the treasuries within the State while the rest is deposited with the Reserve Bank of India. Apart from these cash balances are the Cash Balance Investment Account and other Special Reserves invested outside the general cash balance of Government. Most of these Reserves are invested in treasury bills and other short-term securities of the Central Government.

(Throughout this part of the report the amounts shown represent thousands of rupees unless the contrary is specifically indicated.) SUMMARY OF THE TRANSACTIONS FOR 1949-50.

4. A summary of the detailed transactions during the year under report as compared with the Budget for the year is given in the sub-joined statement.

FINANCE ACCOUNTS. GOVERNMENT OF ORISSA.

IMPORTANT VARIATIONS FROM THE BUDGET ESTIMATES

1. REVENUE

Receipts.

5(a) The revenue receipts of the year under report showed a net increase of Rs. 1,91,73 over the budget estimates. The net increase was the result of a rise of 3,42,40 under certain heads and a fall of 1,50,67 under others. The more important variations are explained below :--

RISE IN REVENUE

Customs (+1,95).—Increase in the share of net proceeds of jute export duty assigned to Orissa.

Land Revenue (+43,91).—Increase was mainly due to the final merger of Orissa States with effect from the 1st August, 1949 (Rs. 45,42), partly reduced by decreases due to smaller collections (i) from Government Estates (Rs. 2,22) and (ii) of cesses in permanently settled estates and Shotriyams (1,02).

Provincial Excise (+56,89).—Increase was mainly due to (i) the final merger of Orissa States with effect from the 1st August, 1949 (Rs. 47,59) and (ii) larger receipts from (a) the sale of opium (10,92) and (b) fines and confiscations (5,15) in the Provincial areas, partly neutralised by the decreased consumption of country spirit (6,73).

Stamps (+ 16,01).—Mainly due to the final merger of Orissa States with effect from the 1st August, 1949 (7,96) and also to more sale of stamps in the Provincial area (7,95).

Forest (+49,34).—Chiefly due to the final merger of Orissa States with effect from the 1st August, 1949 (46,71) and also to recovery of outstanding dues and sale of coupes to the Orient Paper Mills.

Registration (+2,08).—Better receipts due to the introduction of India-Registration Act and partial introduction of Orissa Stamp Surcharge Actin the merged States.

Receipts under Motor Vehicles Acts (+5,49).—Mainly due to final merger of Orissa States from the 1st August, 1949 (2,04) and better receipts under the Madras Motor Vehicle Taxation Act due to enhancement of rates of taxation (3,29).

Other Taxes and Duties (+13,58).—Mainly due to the final merger of Orissa States from the 1st August, 1949 (8,68) and also to better yields from (1) Entertainment Tax (1,81) and (ii) Tax on sale of motor spirit and lubricants (5,19) in the Provincial area due to increase in the rates of tax, partly offset by smaller receipts from Sale Tax (1,93) resulting from the exemption of certain luxury goods from assessment of the tax.

Debt Services (+2,60).—Mainly due to increase under (i) "Interest on Loans and Advances by the Provincial Governments" (2,03), and interest on (ii) arrears of revenue (18) and (iii) Miscellaneous (27).

Civil Administration (+36,46).—The important variations are as follows :-

Administration of Justice (+1,87).—Mainly due to the final merger of Orissa States from the 1st August, 1949 (1,36) and larger receipts under "Miscellaneous fees and fines" (25). *Police* (+2,94).—Mainly due to the final merger of Orissa States from the 1st August, 1949 (1,02), larger receipts under 'Recoveries of overpayments' (97) and 'Miscellaneous' (1,17), partly set off by decrease under "Collections of payments for services rendered" (54).

Education (+4,59).—Increased receipts mainly arising from the final merger of Orissa States from the 1st August, 1949 (3,31) and recovery of the cost of equipment supplied to the National Cadet Corps from the Central Government (1,18).

Agriculture (+3,93).—Increased receipts arising from (i) the sale of manure, farm produce and ammonium sulphate, (ii) jute seed supply schemes and (iii) various research schemes.

Industries and Supplies (+8,97).—Increased receipts arising chiefly (i) from the final merger of Orissa States from the 1st August, 1949 (3,99), (ii) more recoveries in connection with various industrial schemes (1,99) and (iii) payment by the Central Government in full settlement of the claims for the value of non-textile goods supplied to the Defence Services during the war (3,00).

Miscellaneous Departments (+11,81).—Increase occurred mainly under "Government Transport Service" taken over by Government on the final merger of Orissa States from the 1st August, 1949.

Miscellaneous (+33,95).-Mainly under the following heads :-

Stationery and Printing (+88).—Increased receipts occurred chiefly under "Stationery receipts" (37), (ii) "Sale of plain paper used with stamps" (26), (iii) "Sale of Gazettes and other Government publications" (12) and (iv) "Other press receipts" (13).

Miscellaneous (+32,19) — Mainly due to larger receipts under (i) "Unclaimed Deposits" (2,06), "Rents, rates, and taxes" (62), (iii) "Other fees fines and forfeitures" (8,53) mainly due to the adjustment of recoveries made from the Central Government on account of election charges relating to the previous year, (iv) "Recoveries of overpayments" (13,20) due chiefly to reimbursement by the Central Government of privy purses paid to Rulers of merged States, (v) "Miscellaneous" (7,09) and (vi) "Recoveries of expenditure on displaced persons" (1,24). The larger portion of the increase was due to the final merger of Orissa States from the 1st August, 1949.

Extraordinary receipts (+80,14).—Mainly due to provisional adjustment under the head of (a) the Food Bonus money received from the Central Government (48,44), (b) the amount paid by the Central Government in respect of guaranteed reimbursement of the net federal gap as a result of financial integration of Orissa States (22,00) and (c) the value of assets of States taken over by Government on the date of their integration (16,05) partly set off by larger refunds (10,50).

FALL IN REVENUE

Taxes on Income other than Corporation Tax (-3,92).—Decreased collections from taxes on Agricultural Income (9,67) partly set off by increase in the share of the net proceeds of Income-tax assigned to Orissa (5,67) and smaller refunds (8).

đ

Civil Works and Miscellaneous Public Improvements (-62,04),—Mainly due to smaller transfers from the Fund for Orissa Buildings (15,00) and receipts of smaller grant than anticipated from the Central Government to finance the new capital project (51,57), partly off-set by increases in (a) house rents (1,11) and (b) miscellaneous receipts (2,65).

Electricity Schemes (-4,06).—Working expenses connected with the maintenance and operation of the power houses in the *Ex*-State areas were more than the receipts realised from the sale of power.

Contributions and Miscellaneous Adjustments between Central and Provincial Governments (-80,00).—The anticipation that an additional subvention of 80,00 would be received from the Central Government due to the integration of States did not materialise.

EXPENDITURE.

(b) The total expenditure on revenue account exceeded the budget estimates by 2,94,80. This was made up of an increase of 3,93,61 under certain heads and a decrease of 98,81 under others. The increases and decreases are explained below :—

Land Revenue (+4,67).—Increase is chiefly due to the final merger of the Orissa States from the 1st August, 1949.

Provincial Excise (+6,27).—Mainly due to the final merger of Orissa States from the 1st August, 1949 (3,76), entertainment of additional staff, drawal of arrear pay in the revised scales not originally anticipated (50) and non-materialisation of deduction for probable savings made in the budget (1,90).

Forest (+18,88).—Increase was mainly due to (i) the final merger of Orissa States from the 1st August, 1949 (13,51), (ii) drawal of arrear pay in the revised scales, (iii) revision of the scale of pay of contingency menials, (iv) large number of transfers amongst the staff and (v) introduction of new schemes.

Registration (+1,04).—Chiefly due to the final merger of Orissa States from the 1st August, 1949 (43), entertainment of a special staff for printing the Registration Manual and appointment of additional staff to cope with additional work.

Irrigation (+31,32).—Increase was mainly due to additional expenditure on (a) works connected with the intensive cultivation schemes (18,70), (b) urgent and special repairs to Orissa canals to keep the canal system in proper order (4,59), (c) tubewell irrigation schemes (3,06), (d) proper upkeep of the existing Government embankments and private embankments taken over by Government as a protection against loss of life and crop (10,30) and execution of certain urgent grant-in-aid works (1,77); partly set off by decreased expenditure on "Grow More Food" works in charge of the Department of Agriculture (6,98). The above increase includes a sum of 4,60 incurred in the merged States.

Debt Services (-3,90).-Repayment of "Grow More Food" loans taken from the Central Government during 1948-49 was less than anticipated as the terms of repayment were settled long after the framing of the budget estimates.

Civil Administration (+2,19,28).—The important variations are as follows :—

General Administration (+45,87).—Increased expenditure a⁺tributable mainly to (i) the final merger of Orissa States from the 1st August, 1949 (26,70), (ii) drawal of arrear pay in the revised scales, (iii) appointment of an additional Election Officer and extension of the terms of appointment of temporary staff entertained in connection with election, (iv) creation of the post of Food Commissioner and his staff, (v) entertainment of additional staff to bring the administration of the merged States in line with that in the Province proper, (vi) increased consumption of service postage stamps, (vii) high cost of stationery and other articles and (viii) employment of a firm of efficiency experts to devise methods by which the efficiency in Government offices could be improved.

Administration of Justice (+9,35).—Enhanced expenditure due mainly to (i) the final merger of Orissa States from the 1st August, 1949, (4,86) (ii) creation of the two posts of Second Additional District and Sessions Judges, (iii) appointment of an Assistant Government Advocate for the Orissa High Court, (iv) drawal of arrears of pay in the revised scales, (v) payment of fees to pleaders for conducting cases in the High Court, (vi) increase in the number of civil and criminal cases involving payment of fees and travelling allowances to pleaders and also of diet and travelling allowance to witnesses and (vii) increased contingent expenditure in the High Court.

Jails and Convict Settlements (+12,73).—Extra expenditure is mainly due to (i) the final merger of Orissa States from the 1st August, 1949 (5,75), (ii) drawal of arrears of pay in the revised scales, (iii) increased jail population, (iv) confinement of a large number of security prisoners, (v) high cost of dietary articles and (vi) extensive use of disinfectants owing to congestion in the prison population.

Police (+53,04).—Excess expenditure is mainly due to (i) the final merger of Orissa States from the 1st August, 1949 (35,85), (ii) drawal of increased rates of pay with retrospective effect from the 1st April, 1947 on account of revision of pay, (iii) supply of uniforms to Dafadars and Chaukidars, and (iv) adjustment of the cost of equipments purchased from the Central Government in the previous year.

Education (+52,03).—Extra expenditure arising mainly from (i) the final merger of Orissa States from the 1st August, 1949 (33,89), (ii) drawal of arrear pay in the revised scales of pay with effect from the 1st April, 1947, (iii) payment of additional subsidy to the Ganjam District Board to augment the elementary education fund, (iv) introduction of the Adult (Social) Education Scheme, (v) arrangement for the teaching of Botany and Zoology in the Ravenshaw College and (vi) payment of stipends and lump grant to students belonging to scheduled castes and backward tribes.

Medical (+22,41).—Mainly due to (i) the final merger of Orissa States from the 1st August, 1949 (14,23), (ii) drawal of arrear pay in the revised scales, (iii) additional expenditure arising out of the purchase of medical stores and instruments and deptutation of more officers for foreign studies, (iv) payment of grant to a T. B. Sanatorium and (v) the opening of new dispensaries.

Agriculture (+8,68).—Increased expenditure due mainly to (i) the final merger of Orissa States from the 1st August, 1949 (6,93), (ii) introduction of the agriculture extension service scheme in order to train the general cultivators in the improved method of cultivation, (iii) observance of the tree planting week and (iv) the starting of the scheme for extension of double and triple crop areas.

Veterinary (+8,58).—Mainly due to (i) the final merger of Orissa States from the 1st August, 1949 (4,03), (ii) drawal of arrear of pay in the revised scales, (iii) the opening of more stockmen centres, (iv) enhancement of the rates of stipend to students under training outside the State, (v) establishment of a farm for production of draught bullocks to help cultivators to meet the shortage of bullocks and (vi) purchase of phenyl for the prevention and control of outbreak of foot and mouth diseases of cattle.

Co-operation (+3,27).—Mainly due to the final merger of Orissa States from the 1st August, 1949 (1,77) and non-materialisation of lump cut for probable savings made in the budget due to additional expenditure on several new schemes (1,50).

Industries and Supplies (+10,99).—Increased expenditure mainly due to (i) the final merger of Orissa States from the 1st August, 1949 (4,90), (ii) payment of 50 per cent. of dues to sub-contractors for war supplies, (iii) revision of the rates of stipend and creation of new stipends, (iv) extra expenditure on account of increased working capital for Demonstration Factories and Industrial Schools and (v) introduction of certain schemes in the Fishery Department in the middle of the year such as colonisation of Marine fishermen, clearance of swamps for production of fish, survey of inland water areas for the purpose of stocking fries, etc.

Miscellaneous Departments (+2,97).—Increase was mainly due to the final merger of Orissa States from the 1st August, 1949 (18,14), partly neutralised by savings from (i) the transfer of expenditure of a capital nature relating to the Government Transport Service to the capital head "82.—Capital Account of other Provincial Works outside the Revenue Account"(5,44) and (ii) late commencement or abandonment of certain rural welfare schemes (9,76).

Public Health (-8,24).—Mainly due to non-payment of contribution to the fund for water supply and drainage schemes on account of financial stringency (20,00), partly set off by increases due to (i) the final merger of Orissa States from the 1st August, 1949 (6,35), (ii) drawal of arrears of pay in the revised scales, (iii) creation of anti-malarial demonstration party in hill tracts, (iv) purchase of D. D. T. and Paludrine tablets for distribution and (v) execution of more Public Health works than anticipated.

Aviation (-2,59).—Construction of certain landing grounds was held in abeyance as a measure of economy.

Civil Works and Miscellaneous Public Improvements (+56,14).—Mainly due to (i) the final merger of Orissa States from the 1st August, 1949 (20,53), (ii) adjustment of the expenditure relating to Provincial works executed by the Public Works Divisions in the State area during the previous year (33,92) and (iii) payment of (a) increased grants to local bodies out of proceeds of taxes under the Orissa Motor Vehicles Taxation Act as a result of enhancement of the rates of taxation and increase in the number of vehicles and (b) grants to certain municipalities for maintenance of roads and bridges.

Miscellaneous (+30,20).—The important variations are explained below :--

Territorial and Political Pensions (+9,33) —Mainly due to the payment of certain allowances to the relatives of the Rulers of the merged States and relief granted to the dependants of persons who died in the country's struggle for freedom.

Stationery and Printing (+13,94).—Chiefly due to (a) the final merger of Orissa States from the 1st August, 1949 (1,51), (b) the purchase of more stationery articles and paper to meet heavy demands of all Government offices, (c) the printing of non-standard forms, codes and manuals at private presses, (d) entertainment of additional staff and (e) payment of arrears of pay in the revised scales.

Miscellaneous (+6,55).—Chiefly due to (i) the final merger of Orissa States from the 1st August, 1949 (2,48) and (ii) additional expenditure on (a) relief of distress of people affected by fire, (b) grants to the Gram Panchayats established to infuse a spi it of self-Government into the people, (c) grant to the Central Government on account of the technical and vocational training of Orissa ex-servicemen in different centres, (d) grant to a municipality to enable the municipal sweepers and other low-paid employees to purchase rice at subsidised rates, (c) maintenance allowance sanctioned for the families of certain security prisoners and (f) continuance of the Land Revenue and Land Tenure Committee.

Extraordinary items (-82,13).—Mainly occurred under "Extraordinary charges" due to the provision made for contribution to the State Area Administration to make up the deficit in the budget of that area not having been required owing to the final merger of States from the 1st August, 1949.

Capital Expenditure within the Revenue Account (+9,21)—Increase occurred mainly under "43.-A.—Capital outlay on Industrial Development" (10,22) mainly due to the purchase of shares of the Mayurbhanj Potteries Ltd. and the Orissa Cement Factory, partly set off by a saving of 1,75 under "19. —Construction of Irrigation etc. works" chiefly due to slow progress of the Jamboo Canal Project.

II.-CAPITAL.

(c) Capital expenditure outside the Revenue Account.—The reasons for the variations are given below :—

Construction of Irrigation, Navigation, Embankment and Drainage Works for which Capital Accounts are kept (-2,81,22).—The expenditure on Hirakud Dam Project was limited to the loan sanctioned by the Central Government.

Capital outlay on Industrial Development (-30,00).—The scheme for purchase of shares of the Tractor Manufacturing Company was dropped owing to the refusal of the Central Government to give loan for the purpose.

Capital outlay on Electricity Schemes (-6,14).—Mainly due to (i) the post-budget decision of Government to finance the Town Electrification Scheme from ordinary revenues, (ii) non-payment of the cost of railway siding as it was not ready and (iii) provision made for repayment of capital expenditure from ordinary revenues being more than the actual requirements.

Capital Account of other Provincial Works outside the the Revenue Account (-1,27,37).—Mainly due to non-receipt of loans from the Central Government to meet the cost of New Capital Project at Bhubaneswar.

Capital outlay on Rail-road Co-ordination Scheme outside the Revenue Account (-19,00).—Mainly due to the later decision of Government to drop the scheme of forming a Joint Stock Road Transport Company and to start in its place the Zonal State Transport Services.

Capital outlay on Provincial Schemes of State Trading (-12,33).—The excess of receipts over expenditure was more than anticipated.

III.-DEBT.

(d) The important variations are :--

Receipts.

Floating Debt (+3,16,00).-More "Ways and Means' advances then anticipated.

Loans from the Central Government (-4,49,99).—Mainly due to nonreceipt of loans from the Central Government for the new Capital Construction at Bhubaneswar (1,33,27) and the tractor production scheme (30,00) and the grant of smaller loans for the Hirakud Dam Project (2,70,72) and for 'Grow More Food' schemes (20,00).

State Provident Funds (+5,21).—Increased subscriptions under (i) "General Provident Fund" (4,52) and (ii) "Contributory Provident Fund" (69).

Appropriation for Reduction or Avoidance of Debt (-3,78).-Vide explanation under "Debt Services" in sub-paragraph (b) above.

Fund for water supply and drainage schemes (-20,00).-Post-budget decision of Government to postpone transfer to the fund from revenues on account of financial stringency.

Deposits of Local Funds (+3,72).—Larger receipts mainly under "District Funds" (1,65), "Education Funds" (1,98) and "Public Works Funds" (46); partly reduced by a decrease under "Medical and Charitable Funds" (55).

Civil Deposits (+78,23).—Increased receipts mainly under "Revenue Deposits" (1,25), "Personal Deposits", (39,87), "Forest Deposits" (4,19), "Public Works Deposits" (30,60), "Deposits on account of Police funds" (80) and "Deposits for works done for Indian States, public bodies, etc.," (1,11). Other Accounts (-25,96).-Decrease mainly under "Fund for Orissa Buildings" (71,55) due to non-receipt of additional grants from the Central Government for the new Capital Construction contrary to anticipation, partly offset by increases under "Accounts of Orissa States" (45,07) and "Subventions from Central Road Fund" (47).

Advances not bearing interest (+35,37).—Larger receipts mainly under "Civil Advances" (1,87), "Forest Advances" (12,21), "Advances for seeds and manures" (22,22) and "Account with the Government of Burma" (51), partly counterbal need by a decrease under "Advances for supply of fish to the Army" (2,00).

Suspense (+1,27,51).—Increases occurred under "Suspense Account" (1,96), "Cash Balance Investment Account" (46,88), "Central Accounts Office—Reserve Bank suspense" (\$7,66) and "Departmental and similar Accounts" (11,01).

Recoveries of Loans and Advances (+69,03).—Larger recoveries mainly under "Advances to cultivators" (16,23), "Advances under Special Laws" (54,30) representing repayment of loans by the Orissa Textile Mills and "Advances for the purchase of motor conveyances" (1,02), partly set off by smaller recoveries under "Miscellaneous Loans and Advances" (2,72).

Disbursements.

Floating Debt (+2,90,00).—Vide explanation against "Floating Debt" under 'Receipt' in sub-paragraph (d) above.

Loans from the Central Government (+5,72).—Increase due to the cancellation of a loan paid to the State Government for rehabilitation of displaced persons (8,00), partly set off by a decrease due to less repayment of loans taken for "Grow More Food" Schemes (2,28).

Fund for water supply and drainage schemes (+4,80).—Absence of provision for withdrawals from the fund.

Leposits of Local Funds (+21,32).—Mainly due to more withdrawals from "District Funds" (14,30), "Municipal Funds" (7,12) and "Public Works Funds" (43); partly counterbalanced by smaller withdrawals from "Medical and Charitable Funds" (73).

Civil Deposits (+67.37).—Increases mainly under "Revenue Deposits" (7,96), "Civil Courts' Deposits" (84), "Tersonal Deposits" (39,71), "Forest Deposits" (4,30), "Public Works Deposits" (9,10) and "Deposits for works done for Indian States, public bodies, etc." (4,87).

Other Accounts (+17,90).—Increase mainly under "Accounts of Orissa States" (1,04,38), partly offset by a decrease under "Fund for Orissa Buildings" (86,57).

Advances not bearing interest (+35,88).—Larger payments mainly under "Civil Advances" (3,31), "Forest Advances" (11,70), "Advances for seeds and manure" (18,26), "Advance for cold storage plant" (2,89) and "Account with the Government of Burma" (51), partly set off by smaller payments under "Advances for the purchase of agricultural implements" (1,40). Suspense (+1,71,76).—Increases under "Suspense Account" (22,42), "Central Accounts Office—Reserve Bank Suspense" (55,72), "Cash Balance Investment Account" (79,91), "Departmental Adjusting Account" (1,14) and "Departmental and similar Accounts (12,57).

Loans and Advances $(+\delta 8,71)$.—Increase mainly under (i) "Advances under Special Laws" (1,13,69) mainly on account of loans to the Orissa Textile Mills Ltd., the Kalinga Refrigerator Company and the Orissa Cement Ltd., (ii) "Loans to District and other Local Fund Committees" (1,00), (iii) "Loans to Land-holders and other Notabilities" (2,00) and (iv) "Advances for the purchase of motor conveyances" (1,47), partly set off by decreases under (i) "Advances to cultivators" (25,72) and (ii) "Miscellaneous Loans and Advances" (3,92).

IV.-REMITTANCES.

(e) Remittances.—The total receipts and disbursements exceeded the budget estimates by 34,71,32 and 33,69,47 respectively. The excesses are due to larger transactions under almost all the remittance heads.

Revenue Position of Government-General Remarks.

6. The chief event of the year was the final merger of Orissa States with effect from the 1st August, 1949. The effect of the final merger was reflected in almost all the revenue receipts as well as in the expenditure on revenue account.

The budget estimates of the year under report provided for a revenue of 8,90,00 and an expenditure of 8,76,09 leaving a prospective revenue surplus of 13,91. Actually, however, the total revenue receipts and the total expenditure on revenue account amounted to Rs. 10,81,73 and 11,70,89, respectively, converting the anticipated surplus into an actual deficit of 89,16. The deterioration of 1,03,07 in the revenue position as compared with the estimates was due to (i) an increase of 2,94,80 in expenditure, partly set off by a rise of 1,91,73 in revenue receipts and (ii) the fact that while the estimates provided a total sum of 1,51,57 as grant receiveable from the Central Government towards expenditure on the construction of New Capital at Bhubaneswar (71,57) and additional subvention on account of the merger of Ori-sa States (80,00), a sum of 20,00 only was actually received towards the cost of construction of the New Capital. As a result the year under report closed with a heavy deficit.

On the revenue side, the net increase of 1,91,73 was made up of an increase of 3.42,40 under some heads and a fall of 1,50,67 under others. The increase in revenue was largely due to the final merger of Orissa States which caused a total addition of about 2,49,57. The rest of the increase was spread over a number of heads and was attributable mainly to (i) the provisional adjustment of food bonus money received from the Central Government under 'Extraordinary receipts' (48,44), (ii) high yields from the sale of opium (10,92), stamps (7,95) and motor spirit and lubricants (5,19), (iii) better receipts under the Madras Motor Vehicles Taxation Act owing to the enhancement of the rates of taxation (3,29), (iv) payment by the Central Government in full settlement of the claim for the value of non-textile goods supplied to the Defence Services during the War (3,00), (v) recoveries from the Central

Government on account of election charges pertaining to the previous year (8,53) and (vi) increased receipts arising from the sale of manure, farm produce ammonium sulphate and various agricultural research schemes (3,93). Against these increases, appreciable decreases occurred under "Civil Works" (62.04) and "Grants-in-aid from the Central Government" (80,00). The decrease under the former head was mainly due to smaller transfer from the Fund for Orissa Buildings and receipt of smaller grant than anticipated from the Central Government to finance the Capital Construction Project, while that under the latter head was due to non-receipt of anticipated additional subvention from the Central Government on the integration of Orissa States. The variations from the budget estimates have also been explained in paragraph 5 (a) ante.

On the expenditure side, almost all heads recorded increases over the estimates, notable increases being under "Provincial Excise" (6,27), "Forest" (18,88), "Irrigation" (31,32), "General Administration" (45,87), "Administration of Justice" (9,35), "Jails and Convict Settlements" (12,73), "Police" (53,04), "Education" (52,03), "Medical" (22,41), "Agriculture" (8,68), "Veterinary" (8,58), "Industries and Supplies" (10,99), "Civil Works" (56,14), "Territorial and Political Pensions" (9,33), Stationery and Printing" (13,94), "Miscellaneous" (6,55), and "Capital outlay on Industrial Development" (10,22). A substantial portion of these increases was due to the final merger of Orissa States, the amount on this account being about 2,33,23. Against these increases there were appreciable decreases under "Extraordinary items" (82,13) and "Public Health" (8,24). The reasons for the increases and decreases have been explained in paragraph 5 (b) *ante*.

7. Government launched an economy drive towards the end of the year to eliminate unnecessary and wasteful expenditure and to cut down, as far as possible, expenditure likely to add to inflation. The following measures were adopted in this direction :--

(i) A 20 per cent, reduction in the emergency recruitment to the Orissa Administrative and Subordinate Administrative Services;

(ii) Reduction in the staff, wherever possible;

(iii) A cut of 20 per cent. in travelling allowance and of 15 per cent. in contingent expenditure ;

(i.) Imposition of an emergency cut in the pay of officers in receipt of a pay of Rs. 3,000 and above and introduction of a scheme of compulsory savings for those in receipt of a lower pay; and

(v) Only those schemes calculated to confer benefits on the people at large, without at the same time adding to inflationary tendency should be taken up or proceeded with.

8. The following measures were taken during the year to increase the revenues of the States :--

(a) Enhancement of the rates of sale tax from the 1st April, 1949;

(b) Increase in the rate of tax on the retail sales of motor spirit from 2 annas to 6 annas per gallon from the 1st April, 1949;

(c) Introduction of percentage rates of tax on entertainments from the 1st January, 1950; and

(d) Revision of the rates of Motor Vehicles taxation.

Capital outlay Outside the Revenue Account.

Progressive Capital Outlay to end of the year.

9. The following table gives a progressive account of the capital expenditure outside the Revenue Account up to the end of the year 1949-50 :---

Nature of expenditure. 1	Expenditure upto 1948-49. 2	Expenditure during 1949-50. 3	Total. 4
1. 68.—Construction of Irrigation, etc., works.	3,44,44	2,96,50	6,40,94
2. 72.—Capital outlay on Industrial Deve- lopment.	2,60	• ••	2,00
3. 81.—Capital Account of Civil Works outside the Revenue Account.	5		5
4. 81-A.—Capital outlay on Electricity Schemes,	9,00	65,97	74,97

6. 85-ACapital outlay on Provincial Schemes of State Trading.		-35,99	-1,36,77
Total .	2,54,71 (a)	3,32,38	5,87,09

(a) The difference of 1 from the last year's figure is due to rounding.

Of the total capital outlay of 6,40,94 shown against item (1) a sum of 3,03,92 represents the pre-reform (1921) capital outlay on Irrigation Works and the balance of 3,37,02 expenditure on the Hirakud Dam Project. The total capital expenditure on Irrigation Works up to the end of the year 1949-50 amounted to 6,59,90 of which 18,96 was debited to Resenue. Of the total capital outlay, 3,38,26 is classed as productive and 3,21,64 as unproductive. The entire outlay on the Hirakud Dam Project was met from borrowed funds.

The expenditure on item (2) was incurred on the establishment of a pilot plant for the production of special alloy and steel.

The outlay shown against item (3) represents the expenditure incurred from borrowed funds in 1924-25 on the construction of abridge over the Kalab River in South Orissa.

The capital outlay recorded against item (4) represents expenditure on the Thermal and Hydro-Electric Schemes financed from borrowed funds, *i. e.* (i) Machkund (Duduma) Hydro-Electric Scheme, (ii) Duduma Transmission Scheme, (iii) Cuttack Thermo-Electric Scheme and (iv) Town Electrification Scheme.

The expenditure against item (5) represents the capital outlay met from borrowed funds on lands, buildings and buses required for the State Transport Service.

The expenditure shown against item (6) represents the outlay on the Provincial Schemes of State Trading. The cost of food grains, cloth, etc., together with a fair share of the establishment on the supply operation is debited to the capital head, and the sale-proceeds are treated as a reduction of expenditure. The receipts of the year under report exceeded the expenditure.

Financial Results of Irrigation Works.

FINANCE ACCOUNTS.

GOVERNMENT OF ORISSA.

There was a net loss of 5.64 per cent. during the year as against 5.78 per cent. in the preceeding year. The decrease in the percentage of loss is attributable to increase in revenue receipts even after setting off a rise in working expenses.

Works in the Irrigation Department are classed as "Productive" or "Unproductive" according as the net revenue (gross revenue *less* working expenses) derived from each work on the expiry of ten years from the date of closure of the construction estimate covers or does not cover the prescribed annual interest charges on the capital invested. The productivity test involves some *pro forma* adjustments which do not appear on the face of the Government Accounts. If a work classed as "Productive" fails to yield the prescribed return in three successive years, it is transferred to the "Unproductive" class. Similarly, if a work classed as "Unproductive" succeeds in yielding the prescribed return in three successive years, it is transferred to the "Productive" Class.

The Patrapara Irrigation and Hirakud Dam Projects, the two productive works in Orissa, do not find a place in the table overleaf because they are still under construction and no revenue account has yet been opened for them.

Financial Results of Electricity Schemes.

11. The Government electrical undertakings comprise (i) Machkund (Duduma) Hydro-Electric Scheme, (ii) Cuttack Thermo-Electric Scheme and (iii) Town Electrification Scheme. The schemes have been undertaken in the expectation that they will be ultimately remunerative. The first two schemes are still under construction and revenue accounts have not yet been opened for them. The last scheme, *i.e.*, Town Electrification Scheme, consists of the three sub-schemes, *viz.*, Baripada Electrification Scheme, Town Electrification Scheme (Group I) and Town Electrification Scheme (Group II). These sub-schemes deal mainly with the maintenance and operation of the power houses in the various Orisea States taken over by Government on their final merger with the State. The Capital and Revenue Accounts of the schemes are given on page 22.

The net loss to Government in the year 1949-50 on account of the schemes was 54.3 per cent. on the capital invested to end of the year.

22

FINANCE ACCOUNTS. GOVERNMENT OF ORISSA.

Expenditure on Important Capital Projects under Construction.

12 (1). Patrapara Irrigation Project.—The total expenditure incurred on the project to end of the year 1949-50 amounted to Rs. 1,23,998 against the sanctioned estimate of Rs. 60,500 which is under revision. No expenditure was incurred during the year.

(2) Jamboo Canal Project.—As a preliminary measure to the reconstruction of the abandoned Jamboo Canal, which forms part of the Orissa Canal Project, the raising and strengthening of the Jamboo canal flood bank was taken up in 1945-46. The expenditure on the work to end of the year 1949-50 was Rs. 4,03,255 against the sanctioned estimate of Rs. 3,45;250 and was financed from ordinary revenues.

(3) Hirakud Dam Project.—This is a multi-purpose scheme started early in 1948. It was approved by Government at an estimated cost of Rs. 47.81 crores against which an outlay of Rs. 3,37,01,737 was incurred to end of 1949-50.

(4). Machkund (Duduma), Hydro-Electric Scheme.-The scheme is a joint venture of the Governments of Orissa and Madras with equal rights but the former shall transfer 20 per cent. of its right to the latter for a period of 99 years for which Orissa will be paid compensation by Madras on the terms and conditions agreed upon between the two Governments. On the expiry of this period, Orissa may resume its right to the extent transferred on payment of the proportionate cost less depreciation. Thus, in the initial stage, the Government of Madras shall meet 70 per cent. and the Government of Orissa 30 per cent. of the capital cost of the scheme, each Government paying interest for capital provided by it during the construction period. The cost of maintenance and operation shall, however, be paid by the two Governments every year in proportion to the maximum demand utilised by each Government in that year. The Government of Madras shall maintain accounts of capital expenditure and of maintenance and operation charges incurred by both the Governments and attributable to the scheme. The Orissa share of the expenditure in the joint undertaking as revised by Government is Rs. 2,32.54 lakhs initially but rising to Rs.2,79.54 lakhs in ten years as against Rs. 63 lakhs and Rs. 1,14,88 lakhs sanctioned previously. An expenditure of Rs. 42,46,635 was incurred to end of 1949-50.

(5). Duduma Transmission Scheme.—The scheme involves the construction of transmission lines for the utilisation of power that will be available from the Machkund Hydro-Electric Scheme. The estimated cost of the scheme is Rs. 2 crores against which an expenditure of Rs. 1,71,820 was incurred to end of the year 1949-50.

(6) Cuttack Thermo-Electric Scheme.—The scheme has been administratively approved by Government at an estimated cost of Rs. 22.75 lakhs. The expenditure incurred on the scheme to end of the year 1949-50 amounted to Rs. 30,56,307.

(7) New Capital Project at Bhubaneswar.—The project, as a whole, was approved by Government at a net estimated cost of Rs. 5,40 lakhs. Against this estimated cost the Central Government have agreed to give financialassistance to the State Government to the tune of Rs. 1,32 lakhs. The total expenditure incurred on the project to end of the year 1949-50 amounted to Rs. 1,29,22,183 and was met from the following sources :---

Commitments.

13. In the Appendix to this compilation will be found a statement showing the extent to which Government of Orissa stood committed at the end of the year 1949 50 in respect of expenditure on works the cost of which is debitable outside the revenue Account. It will be seen therefrom that the further liabilities in respect of these commitments which remain to be discharged in future years amount to Rs.48.73 crores.

Net Debt .	68,07	4,73,55	+4,05,48	

There was an increase of 4,05,48 in the net debt liability of Government at the close of the year. This was the result of increases under all the three heads to the extent shown against each in col. 4, partly set off by an increase of 20,93 in the amount of assets of the State Government under "Loans and Advances by Government".

The total floating debt incurred by Government during the year under report amounted to 3,76,00 which comprised the ways and means advances

taken from the Reserve Bank of India (2,74,00) and the Central Government (1,02,00). Of the total debt a sum of 3,50,00 was repaid during the year leaving a balance of 26,00, of which 24,00 represented the outstanding balances of advances taken from the Reserve Bank of India and 2,00 from the Central Government. The entire outstanding balance has been repaid in the year 1950-51. The ways and means advances taken from the Reserve Bank of India have been detailed in paragraph 18.

The balance under 'Loans from the Central Government' increased by 3,91,09 due mainly to the grant of fresh loans by the Central Government during the year under report for the following purposes :---

							~	rrole	cts 70,0
	3. Hirakud Dam Project		*						3,07,0
rehabilitation of displaced persons	4. Loans for rehabilitation of displaced	perso	ns			•			13,0
reguisation of displaced persons	4. Loans for reasonation of displaced	perso	ons	- 12	185	*		•	13,

Total . 4,12,0

Further particulars of these loans will be found in paragraph 9 of part B-Report.

The unfunded debt outstanding at the end of the year consists solely of the Provident Fund balances of Government servants. The increase of 9,32 was due to more deposits by subscribers and annual interest accrued on the balances.

The outstanding loans and advances represent the assets of Government and comprise loans and advances granted to local bodies, cultivators, Government servants, etc., which are ultimately recoverable from them. The increase of 20,93 occurred mainly under "Loans to Land-holders and other Notabilities" (2,00) and "Advances under Special Laws" (56,97), partly set off by decreases under "Advances to cultivators" (22,66) and "Miscellaneous Loans and Advances" (18,02). An account of the transactions under "Loans and Advances" has been given in Account No. 5 of Part B of this compilation and the nature of transactions explained in paragraphs 68 to 75 of Report of that part.

15. The total net charge on the revenues of the State during the year on account of service of debt was 17,11 as indicated below.-

(a) The total amount adjusted under 'N-Public Debt-Loans from the Central Government on account of repayment of loans was 20,91. The difference is due to the fact that a loan of 8,00 sanctioned by the Central Government for the rehabilitation of displaced persons but subsequently cancelled was debited direct to the above head instead of through the debt service head "23.—Appropriation for Reduction or Avoidance of Debt".

Norr.—The balances in Bank as in columns 3 and 7 represent the balances appearing in the Government Accounts.

18. Under an agreement with the Reserve Bank of India, the Government of Orissa have to maintain a minimum balance of Rs. 5 lakhs at the Bank. The Bank informs the Government by post of their daily balance with the Bank at the close of each working day. If on weekly settling days the balance falls below the agreed minimum, the deficiency is made good either by taking a "Ways and Means" advance from the Reserve Bank or by selling treasury bills to the public. The receipts and disbursements shown in the above statement include "Ways and Means" advances and their repayment. No treasury bills were issued during the year, but in order to cover the temporary falls in the prescribed minimum balance at the Bank Government had to take from the Bank "Ways and Means" advances aggregating 2,74,00 of which a sum of 2,50,60 was repaid during the year, leaving a balance of 24,00. The interest paid on them amounted to 19.

The following table shows the details of the "Ways and Means" advances taken from the Reserve Bank of India.

(a) The account figure under "22.—Interest on Debt and other Obligations—Floating Loans—Interest on other Floating Loans" is Rs. 69,408. The difference of Rs. 50,389 is due to the adjustment of interest of Rs. 115 under the orders of Government on account of short fall for one day in the Government's minimum deposit with the Bank in each of the months of September, October and December, 1949 and also of Rs. 50,274 being the interest paid on the ways and means advances taken from the Central Government.

II.-INVESTMENT.

19. In addition to the cash balance referred to in paragraph 17 above Government possessed resources in the shape of investments in securities of the Central Government including treasury bills. A portion of these investments is in respect of a reserve fund created for specific purposes, while the remainder is treated as investment of general cash balance of Government and passes through the suspense head "Cash Balance Investment Account".

The details of the investments held by Government at the beginning and end of the year under report were as indicated below :---

(b) The cash balance of the Fund as shown above, opening and closing, includes a sum of 24,13 invested outside the Fund, *i.e.*, through the Cash Balance Investment Account.

The earmarked balances have been reviewed in paragraphs 17 to 19 and 42 to 48 of the Report portion of part B of the Compilation. The certificates of the balances reviewed in paragraphs 17 to 19, 42, 43 and 45 have been given in paragraphs 2 and 17. As regards the balances including the balance of investment reviewed in paragraphs 44, 47, 48 and 63, certificates of acceptance are awaited from the administrative authorities concerned.

V.-UNEARMARKED BALANCE.

22. Excluding the earmarked balances shown in the above statement, the unearmarked balance in cash and investments stood at 2,90,23 at the close of the year as against 2,24,61 at the beginning.

Summary of General Financial Position.

23. This was the second year in succession that the Revenue Account of Government closed with a deficit. The year's deficit amounted to 89,16 as against a surplus of 13,91 anticipated in the budget. As stated in paragraph 6 *ante*, the set-back in the revenue position was due to the fact that the rise in revenue (1,91,73) was overwhelmed by the increase in expenditure (2,94,80).

As compared with year 1948-49 the revenue receipts and the expenditure on revenue account increased by 4,38,09 and 4,13,07 respectively. These increases were largely accounted for by the final merger of the Orissa States from the 1st August, 1949.

24. In the capital section outside the revenue account the total expenditure incurred during the year was 3,32,38 as indicated in paragraph 9. The entire expenditure excepting that on the schemes of State Trading which continued to record a *minus* expenditure, was financed from loans from the Central Government.

25. The debt position shows an increase in the gross debt of the state Government from 2,44,01 to 6,70,42, the increase being mainly on account of loans amounting to 4,12,00 taken from the Central Government to finance certain capital projects. Against this liability Government had assets in the State Loan Account which increased from 1,75,94 to 1,96,87. The amount of the net debt liability of the state Government at the close of the year stood at 4,73,55, which was less than half the revenue of the year.

26. The state Government had a cash balance of 2,68,16 at the end of the year as against 2,13,84 in the previous year. They had, however, to take ways and means advances from the Reserve Bank of India on a number of occasions when the Bank balance fell below the agreed minimum balance of 5 lakhs. The total ways and means advances taken during the year amounted to 2,74,00 of which 2,50,00 was repaid, leaving a balance of 24,00. They had also to take 'Ways and Means' advances amounting to 1,02,00 from the Central Government, of which a sum of 1,00,00 was repaid during the year leaving a balance of 2,00.

27. As indicated in paragraph 20, the total balance of the State Government (cash and investments) stood at 3,42,54 at the close of the year as against 2,95,20 at the beginning, showing an increase of 47,34. The total closing balance included 52,31 being the balances earmarked for certain specific purposes, (vide paragraph 21). Excluding these earmarked balances, the unearmarked balance of the State Government was 2,90,23 against 2,24,61 at the beginning of the year. Against these unearmarked balances the liability of the State Government on account of debt, deposit, advance and remittance transactions at the beginning and close of the year is as shown below :—

			on la	Liabilities at April, 1949.	Liabilities on 31st March 1950.
Net Debt (see para	graph 14)			68,07	4,73,55

Deduct-Unearman	rked balance	в.		2,24,61	2,90,23
	Net l	liabilit	y.		3,18,82

It will be seen from the above statement that the year under report closed with a net liability against which there was no liquid asset, thereby indicating some deterioration in the general financial position of the State Government as compared with the previous year.

Under the debt, deposit, etc., heads the receipts exceeded the disbursements by 4,75,85 as indicated below :--

					Increase in receipts.	Increase in disbursements
Public Debt .					4,17,09

		То	tal		5,28,26	52,41

This increase was utilised to meet the revenue deficit of the year (89,16) and the capital expenditure outside the revenue account (3,32,38) leaving the balance of 54,31 to form an addition to the cash balance of Government. In addition to the liability mentioned above, the State Government were also committed to an expenditure of 48,73,48 in respect of certain sanctioned projects debitable outside the revenue account. Against these liabilities and Commitments, the Government own various physical assets such as lands, buildings, Communications, etc., the exact value of which cannot be properly astimated.

B.-DEBT, DEPOSIT AND REMITTANCE ACCOUNTS.

1.-Report.

INTRODUCTORY.

Disbursements under debt, deposit and remittance heads, although involving temporary appropriations of Government funds, are not ordinarily regarded as expenditure within the meaning of Sections 79 and 80 of the Government of India Act, 1935 (now defunct) and except in a few specified cases, are not included in the Schedule of authorised expenditure authenticated under Section 80 (now defunct). It is, however, obviously essential to maintain a complete and progressive record of the debt, deposit, advance, suspense and remittance transactions as they cannot be ignored when considering the financial position of Government. The management of various receipts and disbursements under these heads constitutes a vital That record is found part of the machinery of financial administration. in this part of the report and its object is, in the first place, to give a complete enumeration of balances under debt, deposit and remittance heads and, in the second place, to review the current state of the accounts under each head.

2. Except where stated otherwise, the balances in this part of the report under each head have been duly verified and found to agree with those shown in the separate registers or other records maintained in the Account Office for the purpose in accordance with the prescribed rules, and have also been accepted as correct by the responsible officers concerned where necessary; and the debits and credits during the year to the various reserve funds and deposit account of grants, etc., were for amounts authorised by the relevant Acts or rules of the funds or accounts, and there were no diversions for purposes other than those for which the funds were constituted or the grants were made.

REVIEW OF BALANCES.

REVIEW OF BALANCES—contd.

(All figures are in unit of Rupees.)

4. It must be clearly understood that the balances of accounts shown in the statement above are not, and cannot be, regarded as a complete record of the state of affairs or the net financial position of the Government of Orissa as it is not possible to take into account all the various physical assets of the state such as land, buildings, communications, etc., for which complete statistics are not available and the exact value of which is difficult to estimate. The statement shows the balances of those accounts only for which separate running accounts are kept within the Government books.

The above balances are reviewed in detail in the following paragraphs :---

SECTIONS A TO M.-GOVERNMENT ACCOUNT......Dr. Rs. 3,18,82,385

5. This is the general closing head in the ledger. Under the system of book-keeping followed in Indian Government Accounts, all balances which are not carried forward from year to year are closed to this head. It is also used as an adjusting head for the purpose of counterbalancing entries which have been included elsewhere in the accounts. The balance under this head, therefore, represents the cumulative results of revenue, capital and other transactions in respect of which no separate progressive balanced accounts are kept.

The account for the year is given in the following table :--

6. Item A represents the balance brought forward from the last year. The figures against items B, C and D agree with the corresponding figures exhibited in Account No. 3 of Part A. The amount against item E relates to the adjustment made in connection with reduction of debt.

SECTION N.-PUBLIC DEBT.....Cr. Rs. 6,04,41,408.

7. The term "Public Debt" used in this report is confined to regular loans raised from the Public or taken from the Central Government and does not cover other obligations (whether bearing interest or not) such as Special Loans, State Provident Funds, Depreciation Reserve and other Funds which are dealt with in Sections O and P of this report. A comparative statement showing the aggregate gross capital liabilities of the Government of Orissa on the 31st March, 1950 and the capital and other disbursements which are treated as a set-off against these liabilities will be found in Statement No. 2 of this part of the report.

The details of the credit balance under Public Debt are as follows :--

					Т	otal	. 6,04,41,408
Floating Debt	:	:	:	:	:	:-	Rs. 26,00,000 5,78,41,408

Floating Debt .

Cr. Rs. 26,00,000

Cr. Rs. 5,78,41,408.

8. The term "Floating Debt" is applied to the borrowings of a purely temporary nature such as treasury bills or ways and means advances from the Reserve Bank of India, which are to be repaid within twelve months. The balance represents the unpaid portion of the ways and means advances taken from (i) the Reserve Bank of India (Rs. 24,00,000) and (ii) the Central Government (Rs. 2,0),000). The outstanding advances were repaid during the year 1950-51.

Loans from the Central Government .

9. Loans granted by the Central Government to the Government of Orissa are recorded under this head. The above balance represents the unpaid portion of the loans taken by the Government for Orissa from the Central Government for various purposes.

.

The particulars of the loans and the balance of each loan outstanding on the 31st March, 1950 are given below :---

SECTION O.-UNFUNDED DEBT

. Cr. Rs. 66,01,075.

10 The term "Unfunded Debt" is used to describe a number of interest bearing obligations of the State Government in respect of funds deposited with it for various purposes.

The only obligations of this nature in Orissa are the State Provident funds.

State Provident Funds . .

. Cr. Rs. 66,01,075.

11. These are funds established for the benefit of Government servants, contributions to which are in certain cases compulsory. Government pays interest on the sums deposited and in some cases where the funds in effect represent substitutes for pensions, supplements the deposits by contributions. The accumulated deposits are paid to the depositors on the termination of their service with Government. Temporary withdrawals are, however, permitted in the interval in certain circumstances. The details of these funds are as shown in the following table :--

General Provident Fund .	•				•		Cr. Rs. 64,55,140
Contributory Provident Fund	•	•	•	•	•	•	1,45,935

Total . 66,01,075

The amounts at credit of the subscribers on the 31st March, 1950 have been communicated to them in accordance with usual procedure.

General Provident Fund .

. Cr. Rs. 64,55,140.

12. Subscribers to this Fund include permanent Government servants in superior service except those who have been required or permitted to subscribe to a Contributory Provident Fund. They exclude members of the Indian Civil Service (for whom separate funds exist) and other joint cadre officers whose fund accounts are maintained in the office of the Accountant General, Bihar. Government servants in temporary superior service are also permitted to join the Fund on certain conditions. The ledger balance of this Fund on the 31st March, 1950 on the books of the Account Office is proved with the sum total of the balances of the personal accounts of the subscribers to the Fund. This reconciliation was effected except in regard to a sum of Rs 1,65,129 of which Rs. 5,210 was adjusted in 1950-51 and the balance is in course of adjustment.

Contributory Provident Fund . . . Cr. Rs. 1,45,935.

13. This fund was started for the benefit of certain non-pensionable Government servants under the control of the Orissa Government. Unlike the General Provident Fund mentioned above this fund includes contributions from Government in lieu of pension.

The balance consists of-

(i) Civil Defence Contributory Provident Fund(ii) Other Contributory Provident Funds .	: :	1,319 1,44,616
	Total	. 1,45,935

The sum total of the balances in the personal accounts of the subscribers agreed with the ledger balance except in regard to a sum of Rs. 294 in the case of (i) and Rs. 86,927 in the case of (ii) which are under reconciliation.

Section P.-Deposits and Advances.

14. This Section falls into three parts, namely :--

Orissa Famine Relief Fund . . . Cr. Rs. 10,97,518 Orissa Famine Relief Fund Investment Account Dr. Rs. 10,45,282 17. The Orissa Famine Relief Fund was constituted under the Orissa Famine Relief Fund Regulation, 1937, as amended by the Orissa Act IX of 1938, and replaced the "Famine Relief Fund" previously invested with the Government of India. The objects of the Fund are :--

- (1) Relief of famine in Orissa;
- (2) Relief of distress caused by draught, flood and other serious natural calamities in the State ; and
- (3) Construction or repairs of embankments after serious floods.

If the balance in the Fund at the end of any year is less than ten lakks the Fund is credited in the next year out of the State revenues with a sum which, together with such sums as may be spent on the objects of the fund in that year, will not be less than Rs. 1,25,000 and not more than Rs. 2,60,600. When the balance in the Fund exceeds Rs. 10 lakks, the excess may be utilised in the execution of protective irrigation works and other works required for the prevention of famine, the grant of loans to cultivators, commutation of pensions and subject to certain restrictions laid down in the Act, other capital expenditure.

The balance at credit of the Fund on the 31st March, 1950 consisted of Rs. 52,236 in cash and Rs. 10,45,282 invested in securities of the Central Government. Against the face value of Rs. 9,57,600 the market value of these securities amounted on the 31st March, 1950 to Rs. 9,84,293. The value of the securities has been certified as correct by the Government of Orissa after verification in consultation with the Reserve Bank of India. A pro forma account of the Fund has been given in Account No. 4 of this part.

As regards the general nature of these deposit accounts, it may be stated that there are two entirely different systems. The first may be called the detailed plan in which every receipt is treated as a separate item and every payment charged against some particular receipt. The second is the ledger plan in which a running account is kept of all receipts and payments on some particular account (an estate, an institution, etc.). For every Ledger Account there is an "Administrator", who is authorised to pay money into the treasury or draw it out. Deposits kept on the latter plan are termed "Personal Deposits".

93

The verification of the balance on the first plan is made as follows :---

The receipts and payments, which are recorded in detail in Deposit Registers, are posted monthly by totals into a proofsheet which provides columns for recording the repayments of deposits credited in the same year and in each of the three preceding years. At the end of the year balances are struck upon the proofsheet separately for the different districts for each of the four years. The balance of the first year is usually written off the deposit account as all balances unclaimed for more than three complete account years are ordinarily credited to Government. The aggregate balance on the proofsheet is then agreed with the balance on the general books of the class of deposits concerned and finally reconciled with the *plus* and *minus* memoranda received from treasuries or where necessary, with the accounts received from Civil and Criminal Courts.

The verification of the balance kept on the second plan consists mainly in agreeing the balance with that claimed by the Administrator.

30. These are mainly deposits made in Revenue Courts or in connection with the revenue administration. They also include earnest money deposits made by intending tenderers.

The difference of *minus* Rs. 1,90,751 between the broadsheet and ledger balances is under reconciliation.

Certificates accepting the balances are awaited.

31. The details of Civil Courts' Deposits are as follows :---

(a) High Court's Deposits							Cr. Rs. 66,336

The "Civil Advances" include (i) various special accounts of large advances or of recurring outlay which are recoverable from different sources and (ii) a number of petty miscellaneous advances arising in the course of business and recoverable within a short time. The former are usually watched by separate accounts working up to the ledger; the latter are recorded in detail and recoveries are watched in the "Objection Books" but they only pass as a single account upon the ledger. In the latter case, the ledger balance has to be agreed with the aggregate of the details upon the "Objection Books", and in the former a similar reconciliation is necessary in those cases in which different classes of transactions are included in the same account.

This head comprises two different kinds of transactions, one kind is remittance in actual cash between treasuries and departments rendering accounts to the same account office ; each such remittance is watched through a remittance register. The transactions of the other kind are purely book adjustments made within the accounts of the same account office, which are watched through separate registers maintained for the purpose.

The balances have been compared in each case, with the remittance or subsidiary registers. There are differences of Rs. 19.14,462 under (b) and R. 54,36,322 under (c) between the Jedger and broadsheet balances. The differences are in course of adjustment. The balance under the head (d) represents the amount paid into treasuries by liquor shopkeepers and refundable to distillery contractors and the balance was verified with the broadsheet balance subject to a difference of minus Rs. 2,159 of which minus Rs. 2,148 was adjusted during the financial year 1950-51 and the remaining difference of minus Rs. 11 is under reconciliation.

Reserve Bank of India Remittances

. Dr. Rs. 11,54,641.

78. A scheme was introduced by the Reserve Bank of India with effect from the 1st October, 1940 to standardise and extend remittance facilities throughout India and Burma. At places where the Reserve Bank has no offices of its own or is not represented by offices or branches of the Imperial Bank, the issue and payment of telegraphic transfers and drafts on Reserve Bank account is undertaken by Government Treasuries and Sub-treasuries as "Treasury Agencies" of the Bank. Receipts and payments taking place in treasuries on this account are accounted for under this head, and are initially carried against Government balances until cleared with the Bank through daily advice of drawings and encashments. The debits and credits booked under this head are ultimately cleared by corresponding adjustments under the head "Reserve Bank Deposits".

The outstanding debit balance could not be adjusted in the accounts of the year due to non-receipt of the relevant documents in time from the Treasury Officers concerned. The balance is in course of adjustment.

(a) Adjusting Account between Central	and	Provincial	
Governments			. Cr. Rs. 49,59,900.
(b) Adjusting Account with Railways			Dr. Rs. 13,480.
(c) Inter-Provincial Suspense Account			. Cr. Rs. 11,688.

79. The first head records transactions between the Central Government and the Government of Orissa, the second between the Government of Orissa and the Railways and the third between the Government of Orissa and other State Governments requiring settlement through the Reserve Bank of India. The balances represent the outstanding amounts for which settlement could not be carried out in the Reserve Bank's accounts for the year 1949-50. The balances under (b) and (c) were adjusted during financial year 1950-51 and the balance under (a) is in course of adjustment.
