My responsibility for the preparation of accounts is discharged through the office of the Accountant General (A&E). The audit of these accounts is independently conducted through the office of the Principal Accountant General (Audit) in accordance with the requirements of Articles 149 and 151 of the Constitution of India and the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971, for expressing an opinion on these Accounts based on the results of such audit. **(ix) Suspense Transactions:** (a) Transactions booked under this head, not adjusted under final heads of account, are carried forward from year to year. The transactions include both debits and credits. The minor head "Suspense" has four sub-divisions viz, (i) Stock (ii) Purchases (iii) Miscellaneous Works Advances and (iv) Workshop Suspense.

The nature of transactions under each of these sub-divisions is explained below:

(i) **Stock:** This head is charged with the value of materials received for stock purposes (not for any particular works). Value of the materials issued for use on works or otherwise disposed off is reduced from such a charge. The balance represents the value of materials held in stock.

(ii) **Purchases:** When materials are received for specific works or for holding in stock without being paid for or adjusted during a month, their value is credited to the sub head "Purchases" by contra debit to the particular "Works" head of account or "Stock" sub head as the case may be. When payment is made or the value is adjusted by transfer of stores to other, the head "Purchases" is debited with the amounts thus relieving it of initial credit. This head will, therefore, show a negative balance representing the value of materials received but not paid for or adjusted. With effect from 1974-75, this sub head was abolished and the transactions of this nature are to be recorded under the head "8658-Suspense Accounts, 129-Material Purchase Settlement Suspense Account". But the Departments, viz., Building Construction Department and Road Construction Department are still following the pre 1974-75 classification.

(iii) **Miscellaneous Works Advances:** Under this sub head are booked debits for the value of stores sold on credit, expenditure incurred on deposit works in excess of deposits received, losses of cash or stores not written off and sums recoverable from Government Servants etc. A debit balance under the sub head thus represents recoverable amounts.

**Grant No. 03 - Concl'd.**

(iv) **Workshop Suspense:** The charges for jobs executed or other operations in Public works Departmental Workshop are debited to this sub head pending their recovery or adjustment.

(b) The details of the transactions under each of these sub-divisions during 2010-2011 together with the opening and closing balances are given below:

The table below shows these charges for the year 2008-2009 to 2010-2011 and their percentage to the works outlay during the year.

## Grant No. 41 - Contd.

(vii) **Suspense Transactions:** (a) Out of the expenditure under the grant ₹ 13,98.00 lakh (net) was booked under the head “Suspense” which is not a final head of account. Transactions booked under this head, not adjusted under final heads of account, are carried forward from year to year. The transactions include both debits and credits. The minor head “Suspense” has four sub-divisions viz, (i) Stock (ii) Purchases (iii) Miscellaneous Work Advances and (iv) Workshop Suspense. The nature of transactions under each of these sub-divisions is explained below:

(i) **Stock:** This head is charged with value of materials received for stock purposes (not for any particular works). Value of the materials issued for use on works or otherwise disposed off is reduced from such a charge. The balance represents the value of materials held in stock.

(ii) **Purchase:** When materials are received for specific works or for holding in stock without being paid for or adjusted during a month, their value is credited to the sub head “Purchases” by contra debit to the particular “Works” head of account or “Stock” sub head as the case may be. When payment is made or the value is adjusted by transfer of stores to other, the head “Purchases” is debited with the amounts thus relieving it of initial credit. This head will, therefore, show a negative balance representing the value of materials received but not paid for or adjusted. With effect from 1974-75, this sub head was abolished and the transactions of this nature are to be recorded under the head “8658 Suspense Accounts, 129 Material Purchase Settlement Suspense Account”. But the Departments, viz., Building Construction Department and Road Construction Department are still following the pre 1974-75 classification.

(iii) **Miscellaneous Works Advances:** Under this sub head are booked debits for the value of stores sold on credit, expenditure incurred on deposit works in excess of deposits received, losses of cash or stores not written off and sums recoverable from Government Servants etc. A debit balance under the sub head thus represents recoverable amounts.

(iv) **Workshop Suspense:** The charges for jobs executed or other operations in Public Works Departmental Workshop are debited to this sub head pending their recovery or adjustment.

(b) The details of the transactions under each of these sub-divisions during 2010-2011 together with the opening and closing balances are given below:
