Foodgrains Reserve Fund: The Fund is intended to meet the cost of construction of storage godowns for proper and scientific storage of foodgrains. The Fund was fed by a storage surcharge levied at the rate of ₹ 2 per quintal on exports of broken rice and the receipts of that surcharge were credited to the head "0435-Other Agricultural Programmes-Other Receipts-Cess on account of foodgrains exported outside the State." At the close of the year, an amount equal to receipts appearing under the above head is to be transferred to the Fund by per contra debit to "Transfer to Reserve Fund" under the Major head "2408-Food Storage and Warehousing." No levies have been credited since 1978-79 to the Fund as the Government of India lifted restrictions on the movement of rice outside the Northern Rice Zone on Ist October 1977.

No amount was debited to the Fund during 2011-12. The balance at the credit of the Fund as on 31st March 2012 was ₹ 39.75 lakhs.

Suspense transactions:- (i) The expenditure under this Grant includes ₹71,71.27 lakhs booked under the minor head 'Suspense'. The minor head 'Suspense' is not a final head of account. It accommodates interim transactions where further payments or adjustments of value are necessary before the transactions can be considered complete and finally accounted for accordingly the transactions under this head, if not adjusted to the final head of account, are carried forward from year to year. The 'Suspense' head has three sub-divisions viz. (1) Stock, (2) Miscellaneous Works Advances and (3) Workshop Suspense.

The nature and accounting of transactions under each of these sub-divisions are explained below:-

- (1) Stock- This head is debited with the value of materials acquired not for any particular work but for the general use of the division. It is credited with the value of the materials issued or transferred to other divisions or otherwise disposed off. This sub-head will, therefore, show a debit balance representing the value of materials held in stock plus unadjusted charges connected with manufacture, if any.
- (2) Miscellaneous Works Advances- The sub-head accommodates debits for the value of stores sold on credit, expenditure incurred on deposit works in excess of deposits received, losses of cash or stores not written off and sums recoverable from Government servants etc. A debit balance thus represents recoverable amounts.
- (3) Workshop Suspense-The charges for the jobs executed or other operations in Public Works Department Workshops are initially debited to this sub-head pending their recovery or adjustment.

(ii) An analysis of 'Suspense' transactions in the grant during 2011-12 is given below:-
