(iii) Suspense accounts of spare radio-parts:—Under the community listening scheme, radio sets were distributed to community centres. To prevent sets from remaining unused for want of spare parts, the Government formulated a scheme for bulk purchase of spare parts to be issued to villagers on cash payment, as and when required.

The debits in the suspense account represent value of purchases made by the Government and credits represent the value of spare parts sold to villagers. There were no sales during the year.

A summary of the transactions together with the opening and closing balances in 1976-77 is given below:—

(x) Guarantee Reserve Fund - The expenditure in the voted section of the grant includes Rs. 10 lakhs transferred to the Guarantee Reserve Fund. The fund was constituted by the Government during 1969-70 to enable it to discharge the liabilities arising out of guarantees given by them.

Rupees 2.96 lakhs were spent in discharging guarantee liabilities during 1976-77. The expenditure was initially accounted for against provision made in Grant No. "19—Expenditure relating to the Industries Department" and transferred to the fund during 1976-77.

The balance at the credit of the fund as on 31st March 1977 was Rs. 28·16 lakhs vide statement No. 19 of Finance Accounts, 1976-77.

(xi) The expenditure under this grant includes Rs. 8,00 lakhs transferred from the Consolidated Fund of the State to augment the corpus of the Contingency Fund.

The corpus of the Orissa Contingency Fund (established under the Orissa Contingency Fund Act, 1967) of Rs. 2,00 lakhs was found insufficient to meet the need for drought relief and other unforeseen and emergent expenditure. It was, therefore, decided to raise the corpus of the Fund to Rs. 10,00 lakhs by promulgation of the Orissa Contingency Fund (Amendment) Ordinance, 1977 on 22nd January 1977. Rupees 8,00 lakhs were accordingly transferred from the Conslidated Fund to the Contingency Fund. Necessary funds to cover this transfer were obtained through the supplementary demand in March 1977. The Ordinance was not replaced by an Act of the Legislature; it, therefore, ceased to be operative on the expiry of six weeks from the date of reassembly of the Legislature. The Orissa Legislative Assembly met on 25th March 1977 and corpus of the Contingency Fund stood reduced to the Rs. 2,00 lakhs. Rupees 8,00 lakhs were accordingly transferred from the Contingency Fund to the Consolidated Fund in March 1977.

0.000				

The expenditure in the grant (capital section) does not include Rs. 1,41,244 spent from out of advance from the Contingency Fund sanctioned in March 1977 but not recouped to the Fund till the close of the year.

#### Notes and comments:

- (i) Expenditure exceeded the grant by Rs. 18,75,514 in the revenue section; the excess requires regularisation.
- (ii) Excess also occurred in the revenue section of the grant in the preceding six years.
- (iii) The department anticipated additional expenditure in the revenue section of the grant and obtained supplementary grants in September 1976 (Rs. 8,35.78 lakhs) and March 1977 (Rs. 19.47 lakhs) which proved inadequate. In view of the excess in the grant, surrender of an amount of Rs. 42.63 lakhs in March 1977 proved injudicious.

Out of the total saving of Rs. 3,05:11 lakhs, anticipated saving of Rs. 31:27 lakhs was stated to be due to re-assessment of requirement (Rs 19:39 lakhs), non-approval of the work of construction of temporary leprosy hospitalisation ward (Rs. 5:66 lakhs), want of administrative approval for construction of a college building and hospital staff quarters (Rs. 4:78 lakhs) and non-drawal of arrears of pay and allowances of work-charged staff (Rs. 1:44 lakhs); reasons for the final saving of Rs. 2,73:84 lakhs have not been intimated (February 1978).

(xiii) Subventions from Central Road Fund — The additional revenue realised from the excise and import duties on motor spirit is credited to the Central Road Fund constituted by the Government of India. From this Fund, subventions are made to the States for expenditure on schemes of road development approved by the Government of India. The amount received as subvention is credited in the accounts of the State Government as grant received from the Government of India and simultaneously an equivalent amount is transferred to a deposit account "Subvention from Central Road Fund" by debit to this grant under "337—Roads and Bridges".

The actual expenditure on the schemes approved by the Government of India is also initially booked in the revenue section of this grant and subsequently transferred to the deposit account. Subvention of Rs. 3.95 lakhs was credited during 1976-77 and expenditure of Rs. 10.36 lakhs was incurred during the year.

The balance at the credit of the fund on the 31st March 1977 was Rs. 14.83 lakhs. An account of the fund for 1976-77 is given in statement no. 16 of the Finance Accounts 1976-77.

(xiv) The precentages of establishment and tools and plant charges to works outlay in case of Public Works (Roads and Buildings) for the three years ending with 1976-77 are compared below:—

				Perce	ntage
Year	Works	Establish- ment charges	Tools and plant charges	Establish- ment charges to works outlay	Tools and plants charges to works outlay
	(11	n lakhs of rup	jees j		
1974-75	17,37.32	2,69.65	1,14.72	15.52	6.60
1975-76	13,42.54	3,13-81	93.21	23·37	6.94
1976-77	14,30.20	3,06.75	1,34.16	21.45	9.38

(xv) Pro-rata distribution of establishment and tools and plant charges— From 1967-68 a system of fixed percentage charges on account of establishment and tools and plant charges was introduced. The establishment charges at 10.5 per cent and tools and plant charges at 4.5 per cent of works expenditure are adjusted monthly by the divisions by debit to "459—Capital Outlay on Public Works", "483—Capital Outlay on Housing" and "537—Capital Outlay on Roads and Bridges" and per contra credit to "259—Public Works" (Minor heads—Direction and Administration and Machinery and Equipment) under which the gross expenditure on common establishment and machinery and equipment is recorded.

After carrying out the adjustment in the manner indicated above, net charges on establishment of Public Works are calculated by deducting notionally 11 per cent for establishment and 4 per cent for tools and plant for works done for other Governments and local bodies, etc. This net amount is distributed *prorata* among "259—Public Works", "283—Housing" and "337—Roads and Bridges" in proportion to works expenditure recorded under these major heads.

- (ii) Saving in the revenue section of the grant occurred under the head 211-Parliament/State/Union Territory Legislature-A-Legislative Assembly (Provision: Rs. 23·24 lakhs expenditure: Rs. 19·20 lakhs) and was due mainly to less number of Assembly sittings (Rs. 3·01 lakhs) and non-preferment of claims towards train coupons by the Railway authorities (Rs. 0·94 lakh).

<sup>(</sup>x) Pro-rata distribution of establishment and tools and plant charges of Irrigation branch of Public Works and Hirakud Dam Project for 1976-77—From 1967-68 a system of fixed percentage charges on account of establishment and tools and plant among different wings of Public Works Department was introduced in lieu of the previous

practice of prorata distribution of establishment and tools and plant charges. The cost of establishment mainly engaged for major irrigation projects is directly charged to the projects. For medium irrigation projects, etc., establishment charges at the rate of 6 per cent and tools and plant charges at the rate of 3 per cent are adjusted every month by the divisions and included in monthly accounts by debit to the heads concerned and credit to "Grant No. 20-against 333—Irrigation, Navigation, etc."

For Hirakud Dam Project, establishment charges at the rate of 17.25 per cent and tools and plant charges at the of 3.5 per cent are adjusted every month by the divisions under Hirakud Organisation and included in the monthly accounts by debiting to "Grant No.20—532-Capital Outlay on Multipurpose River Projects-Hirakud Dam Project-Stages I and II" and credit to "Grant No. 20—332-Multipurpose River Projects".

(xi) Suspense transactions of the Public Works Department The expenditure under the grant includes Rs. 15,01.66 lakhs booked under the minor head "Suspense".

The minor head 'Suspense' is not a final head of account. It is meant to accommodate certain interim transactions where further payments or adjustment of value are necessary before the transactions can be considered complete and finally accounted for; such transactions embrace both debits and credits. The Demands for Grants exclude the credits and are for the gross debits. The transactions under "Suspense" are accounted for under four sub-heads, viz., (a) Purchases, (b) Stock, (c) Miscellaneous Works Advances and (d) Workshop Suspense. The nature and accounting of the transactions under each of these four sub-heads are explained below:

(a) Purchases—When materials are received from a supplier, another division or department for specific works or stock without being paid for or adjusted during the month, their value is credited to 'Purchases' by per contra debit to 'Work' or 'Stock' as the case may be. When payment is made or the value is adjusted by transfer the head 'Purchases' is debited. The head 'Purchases' thus shows a credit (minus) balance representing the value of stores received but not paid for or adjusted.

- (b) Stock—This is debited with the value of materials received for stock purposes. It is credited with the value of materials issued to works or transferred to another division or sold. A debit balance represents the value of materials in stock.
- (c) Miscellaneous Works Advances—The debits represent (1) the value of stores sold on credit, (2) expenditure incurred on deposit works in excess of deposits received, (3) loss of cash or stores and (4) sums recoverable from Government servants, etc. The debit balance under the head thus represents recoverable amounts.
- (d) Workshop Suspense—The charges for jobs executed or other operations in departmental workshops are initially debited to this head pending their recovery or adjustment.

Summary of 'Suspense' transactions—A summary of the transactions accounted for under the minor head 'Suspense' together with the opening and closing balances for 1976-77 is given below:—
