The excesses over the voted grants which occurred under the following grants require regularisation :—

- 8—Stamps,
- 9—Ministers, Civil Secretariat and other expenditure relating to the Finance Department,
- 10—Pensions,
- 19—Stationery and Printing and other expenditure relating to the Commerce Department,
- 25—Public Works,
- 39—Ports,
- 40—Community Development Projects, and
- 53—Capital Account of other works relating to Home Department

The excesses over the Charged Appropriations under “ 10—Pensions ”, “ 43—Irrigation and Electricity Schemes ” and “ Loans from the Central Government (Repayment) ” also require regularisation.

The expenditure shown in the summary of Appropriation Accounts does not include an amount of Rs. 3,904 met out of an advance from the Contingency Fund which was not reimbursed to the Fund during the year by taking a vote of the Legislature. The details of this expenditure are as follows :—

Major head	Amount Rs.	Date of sanction of advance	Date of sanction of recoupment to Fund during 1965-66
39—Miscellaneous Social and Developmental Organisations			
(Grant No. 21—Tribal and Rural Welfare Department)	3,904	13th January, 1965	25th December, 1965

As the grants and appropriations are for gross amounts required for expenditure, the expenditure figures shown against them do not include recoveries which are adjusted in the accounts in reduction of expenditure. The net expenditure figures are shown in the Finance Accounts.

The reconciliation between the total expenditure according to the Appropriation Accounts, 1964-65 and that shown in the Finance Accounts for that year is indicated below :—

	Voted Rs.	Charged Rs.
Total expenditure according to Appropriation Accounts.	164,81,13,457	33,89,69,840
<i>Deduct</i> —Total of recoveries	54,28,11,964	..
Net total expenditure as shown in statement No. 10 of the Finance Accounts.	110,53,01,493	33,89,69,840

The details of the recoveries referred to above are given in the Appendix.

The Appropriation Accounts have been prepared and examined under my direction in accordance with the requirements of Article 149 of the Constitution of India read with paragraph 11(4) of the Government of India (Audit and Accounts) Order, 1936, as adapted under the India (Provisional Constitution) Order, 1947. On the basis of the information and explanations that my officers have obtained, I certify that these accounts are correct, subject to the observations in the Audit Report, 1966.

Notes and Comments—

- (i) In the group-heads indicated below, provision to the extent of Rs. 11.26 lakhs remained unutilised. The saving was explained as mainly due to non-entertainment of staff (Rs. 9.07 lakhs) and less requirement under 'contingencies' as a result thereof. The savings under these group-heads were partly utilised to meet the additional expenditure under other group-heads, mainly the group-head mentioned in note (iii) at page 13.

Supplementary provision obtained in November, 1964 (Rs. 16.80 lakhs) and March, 1965 (Rs. 94.87 lakhs) proved unnecessary and could have been reduced to token grants where necessary. The savings in the preceding four years were also appreciable, as indicated below :—

The expenditure incurred did not come up even to the original provision.

The reasons for the saving have not been intimated by the Controlling Officer.

Provision to the extent of Rs. 27.19 lakhs was mainly surrendered on 30th March, 1965 due to less requirement owing to receipt of reduced Central assistance. The expenditure under the group-head, however, exceeded the reduced provision by Rs. 16.74 lakhs; the reasons for the excess have not been intimated by the Controlling Officer.

O.	1.00	}
R.	—1.00	

Government decided to channelise all grants-in-aid for repair of grain golas through the Co-operation and Forestry Department. O.	82.00	}	66.85	66.87	+0.02
R.	—15.15

O.	8.46	}	7.32	6.38	—0.94

(ix) *Suspense Account of spare parts of Irrigation pumps and Bone digesters*—Government has supplied irrigation pumps and bone digesters, etc. to different Grama Panchayats. To prevent the machines from going out of order and remaining idle for want of spare parts, a scheme was formulated during 1959-60 for stocking these at District Headquarters for sale to Grama Panchayats. The transactions pertaining to the purchase and sale of the parts are accounted for under the head 'Suspense'. (vii) *Pro rata distribution of Establishment and Tools and Plant Charges of Hirakud Dam Project for the year 1964-65 :—*

The *Pro rata* distribution of Establishment and Tools and Plant charges of Hirakud Dam Project was introduced with effect from the accounts for the year 1962-63. The gross expenditure on account of Establishment (Tools and Plant charges of Hirakud Dam Project is initially accounted for under 'Demand No. 24—Major Head 42—Multipurpose River Schemes—A—Working expenses—Hirakud Dam Project—Stage I—Dam and Appurtenant works, etc., and the same is distributed in proportion to the works outlay recorded under different units of Stages I and II of Hirakud Dam Project under the major heads '42—Multipurpose River Schemes' and '98—Capital Outlay on Multipurpose River Schemes' at the end of the year. The following table shows the *pro rata* distribution for the year 1964-65 of the 'Establishment' and 'Tools and Plant' charges under the different units of Stage I and Stage II of Hirakud Dam Project.

Name of the Project and the head of account to which <i>pro rata</i> charges were allocated	Establishment charges	Tools and plant charges
(In lakhs of rupees)		
<i>(a) 42—Multipurpose River Schemes</i>		
<i>(1) Hirakud Dam Project—Stage I</i>

<i>(ii) Main Canals, Branches and Distributaries</i>	4.78	0.97

<i>(2) Hirakud Dam Project—Stage II</i> ..	4.38	0.89

Grant No. 24—Irrigation—contd.

(viii) The percentage of establishment charges to works outlay in case of Hirakud Dam Project for three years ending with the year 1964-65 are compared below:—

Year	Works Outlay	Establishment charges	Percentage
(In lakhs of rupees)			
1962-63	2,33.13	20.00	8.58
1963-64	2,07.05	18.68	9.02
1964-65	64.33	18.97	29.49

The percentage of establishment charges in Irrigation Divisions is on an average 6. The large increase in the percentage of establishment charges compared with that in 1963-64 is partly due to the reduction in recorded outlay on works owing to substantial recoveries (Rs. 46.29 lakhs) on account of sale proceeds of reclamation machinery and credit received for land resettlement which have been adjusted in reduction of expenditure. Even taking this factor into account the percentage comes to 17. The department has not furnished the reasons for the large increase in percentage of establishment charges.

(ix) *Suspense transactions of the Public Works Department*—The expenditure under the grant includes an amount of Rs. 1,48.35 lakhs under 'Suspense'.

The minor head 'Suspense' is not a final head of account. It is meant to accommodate certain interim transactions in respect of which further payments or adjustments of value are necessary before the transactions can be considered complete and finally accounted for; such transactions embrace both debits and credits. The demand for grants exclude the credits (gross) and is for the gross debits.

During the year under report the operations under this minor head occurred under four of the five prescribed sub-heads, viz., (a) Purchases, (b) Stock, (c) Miscellaneous Public Works Advances and (d) Workshop suspense. There was no transaction under the remaining sub-head, viz., London Stores. The main transactions under each of the four sub-heads mentioned above are explained below:

- (a) *Purchases*—When materials are received from a supplier, another Division or Department for a specific work or stock, the value of the materials is credited to 'purchases' so that *per contra*, the cost may be included at once in the account for the work or stock. When payment is made the head 'purchases' is debited. The head 'purchases' thus shows a credit (negative) balance representing the value of stores received but not paid for.
- (b) *Stock*—This head is debited with the value of material received for stock purpose. It is credited with the value of materials issued to works or transferred to another Division or sold. A debit balance represents the value of materials in stock.
- (c) *Miscellaneous Public Works Advances*—The debits represent (1) the value of the stores sold on credit, (2) the expenditure incurred on deposit works in excess of deposits received, (3) the loss of cash or stores and (4) the sums recoverable from Government servants, etc. The debit balance under the head represents recoverable amount.
- (d) *Workshop suspense*—The charges in respect of the jobs executed or other operations in the Public Works Department Workshops are initially debited to this head pending their recovery or adjustment. The transactions under this head are given in items (a) (1) and (b) at page 58.

Grant No. 24—Irrigation—contd.

The Fund was created by contribution from the revenue of the scheme to provide reserves sufficient to meet the cost of renewal and replacement of wasting assets.

The balances as at the end of 31st March, 1965 at the credit of the Depreciation Reserve Fund of Stage I and Stage II of the project were Rs. 1,80·34 lakhs and Rs. 22·17 lakhs respectively.

Notes and Comments—

- (i) In the voted section, the expenditure exceeded the total grant by Rs. 2,92,89,014; the excess requires regularisation.

The surrender of Rs. 1,83.61 lakhs made in March, 1965 did not prove justified since the actual expenditure exceeded the total grant substantially. In view of the excess, the supplementary provision obtained in November, 1964 (Rs. 1,83.50 lakhs) proved inadequate. Excess to the extent of Rs. 2,93.42 lakhs occurred under this grant (voted section) during 1963-64 also.

- (ii) (a) Excesses occurred mainly under the following group-heads; the reasons for the excesses have not been intimated by the Controlling Officers :—

Group-head	Total Grant	Actual Expenditure	Excess+ Saving—

Reduction of provision to the extent of Rs. 5.00 lakhs by reappropriation/ surrender in March, 1965 was explained as due to less requirements; this did not prove justified in view of the final excess.

(v) *State (Orissa) Road Fund*—The expenditure in the grant includes an amount of Rs. 2.38 lakhs met from the State (Orissa) Road Fund.

The Fund was created by Government (February, 1953) out of the net proceeds of collection of taxes on motor vehicles (50 per cent of the net amount of the tax being earmarked for transfer to the Fund) for the purpose of meeting expenditure on specific road projects.

Contributions to the Fund were discontinued from the year 1958-59, consequent on the decision of the State Government to finance the projects, which were originally financed from the balance in the State (Orissa) Road Fund, from the loan assistance received from the Government of India. The balance in the Fund is, however, being utilised for financing expenditure on certain road projects. The balance at the credit of the Fund as on 31st March, 1965 was Rs. 333.

An account of the transactions of the Fund for the year is given in statement No. 16 of the Finance Accounts, 1964-65.

(vi) *Subventions from Central Road Fund*—The additional revenue realised from the increase in the excise and import duties on motor spirit, is credited to a Fund constituted by the Central Government. From this Fund, subventions are made to States for expenditure on schemes of road development approved by the Central Government; the amount received as subvention is credited as grants received from the Central Government and an equivalent amount is transferred to a deposit account (Subventions from Central Road Fund) by debit to “50—Public Works—Transfer of grants for road development” to the deposit head “Subventions from Central Road Fund” under grant No. “25—Public Works”.

The actual expenditure on the schemes approved by the Central Government is also initially booked under this grant and subsequently transferred to the deposit account “Subventions from Central Road Fund”. Subvention of Rs. 9.50 lakhs was received during 1964-65; an expenditure of Rs. 8.49 lakhs was incurred during the year.

The balance at the credit of the Fund as on 31st March, 1965 was Rs. 9.87 lakhs; an account of the Fund for 1964-65 is given in statement No. 16 of the Finance Accounts, 1964-65.

Notes and Comments—

(i) The expenditure in the charged appropriation exceeded the budget provision by Rs.10,071; the excess requires regularisation.

The excess was caused mainly by expenditure of Rs. 16,118 without any provision under the group-head "YY—Navigation, Embankment and Drainage Works—Unproductive—Flood Control Scheme—Works". The expenditure represents settlement of old claims of contractors through court. The excess under this group-head was partly counter-balanced by savings under other group-heads.

(Voted grant).

(ii) In the following cases, the provision remained unutilised to a substantial extent—

A sum of Rs. 42.47 lakhs was considered surplus to requirements under this group-head due to "restricted purchases"; the amount was reappropriated mainly to group-heads 'M—Suspense (Hydro—Electric Installations)' and 'P—Suspense (Subsidiary Power Project, Chiplima)' (vide note (vi) below). Eventually, however, the expenditure exceeded the reduced provision by Rs. 2.85 lakhs, the reasons for which have not been intimated by the Controlling Officer.

Notes and Comments—

(i) A supplementary grant of Rs. 21.00 lakhs was obtained in March, 1965, mainly under the group-head "C. 1—Irrigation Works in-charge of Chief Engineer, Rural Engineering Organisation". This was fully utilised but there were large savings totalling Rs. 16.20 lakhs under other group-heads in the grant. If these had been foreseen the supplementary grant could have been substantially reduced.

(ii) In the following cases, the provision remained wholly/substantially unutilised:—

The saving occurred mainly in the provision for the extension of Sambalpur Plant (Rs. 6 lakhs) reportedly due to non-receipt of Government sanction and for Koraput Plant (Rs. 2.12 lakhs); the reasons for the latter saving have not been intimated by the Controlling Officer. Rs. 2.01 lakhs of the saving were utilised for expenditure on Bhubaneswar Plant.

(iii) Personal Ledger Account—

The expenditure shown in the grant includes an amount of Rs.4.27 lakhs under the head "Suspense (Personal Deposits)". A summary for 1964-65 of the Personal Ledger Account in the name of the Director of Agriculture and Food Production, Orissa for the transactions of Cold Storage Plant, Cuttack is given below:—

Notes and Comments—

- (i) Out of the saving of Rs. 3,62.46 lakhs which formed 30 per cent of the provision, Rs. 3,03.60 lakhs were surrendered, but on 31st March, 1965.
- (ii) The supplementary grants totalling Rs. 32 lakhs obtained in November, 1964 under group-heads for recording expenditure connected with Government Trading in 'Mustard Seeds' and 'Seeds, Pulses, etc., grown in Tribal areas' remained unutilised due to non-sanction of Personal Ledger Accounts by Government during 1964-65. In view of the large saving in the grant, the supplementary grants could have been reduced to token votes.
- (iii) In the following group-heads, the provision remained unutilised to a substantial extent :—

Group-head	Total Grant	Actual Expenditure (In lakhs of rupees)	Excess+ Saving—
(1) B.1 (1)—Grain purchase Scheme— Advances—Purchase of rice—			
O.	2,50.00	1.00.00	1.00.00
R.	—1,50.00		
(2) B.2—Grain purchase Scheme— Suspense (Personal Deposits)— Purchase of Rice—Debit—			
O.	8,54.00	7,54.00	6,96.46
R.	—1,00.00		
			—57.54

The transactions under the scheme "Purchase of rice" are accounted for under Personal Ledger Accounts opened for the purpose (c. f. note (iv) below). Payment of advances to these Personal Ledger Accounts from the Consolidated Fund is accounted for under group-head 'B.1'; the expenditure on the scheme and withdrawals for refund of the advances are accounted for under group-head 'B.2'. (The credits for these refunds are accounted as repayment of 'advances' and included under recoveries adjusted in reduction of expenditure referred to in the Appendix at page 135).

A provision of Rs. 2.50 crores for the payment of advances was made under group-head 'B.1' and an amount of Rs. 2 crores for subsequent refund of the advances (including Rs. 1 crore advanced during 1963-64) during the year was provided under the group-head 'B.2'; this was on anticipation that a cash credit loan to the extent of Rs. 2.50 crores would be available from the State Bank of India during the year for financing the scheme. The actual cash credit accommodation made available by the Bank was, however, only Rs. 1 crore. The advances to the Personal Ledger Accounts were limited to this amount and the balance of Rs. 1.50 crores remained unutilised under the group-head 'B.1'. The subsequent refund of the advance was also consequently only Rs. 1 crore advanced during 1963-64 and this accounted for the saving of Rs. 1 crore under the group-head 'B.2'.

The balance saving of Rs. 57.54 lakhs under the group-head 'B.2' was explained as mainly due to non-receipt of debits from the Government of India for the cost of rice received.

Out of the total saving of Rs. 3.25 lakhs in the original provision (24 per cent), a saving of Rs. 2.40 lakhs was due to the fact that the expenditure on construction of buildings for Bus Station was debited to Grant No. 60 in accordance with the decision taken during 1963-64. In view of this decision, the provision under this grant could have possibly been avoided.

The balance saving of of Rs. 0.85 lakh was attributed to non-utilisation of funds by various Executive Engineers.

The total saving of Rs. 6.39 lakhs in the provision was stated to be mainly due to post budget decision to meet some expenditure from Grant No. 53 (Rs. 7.58 lakhs), non-selection of site and late decision of tender in respect of works "Construction of barracks, dining hall and kitchen block for O. M. P. at Rayagada" (Rs. 2.75 lakhs) and postbudget decision not to take up some new works for C. I. D. (Rs. 2.05 lakhs) partly off set by excess of Rs. 6.64 lakhs under certain other units.

Notes and Comments—

- (i) The amount of Rs. 98·00 lakhs surrendered on 31st March, 1965 proved excessive in view of the final saving of Rs. 47·00 lakhs.
- (ii) A total provision of Rs. 3,47·00 lakhs (including supplementary appropriation of Rs. 2,95·00 lakhs) was made under the group-head "A. 1- Ways and Means Advance" for repayment of Ways and Means Advances obtained from the Reserve Bank of India. The provision proved insufficient as there was an excess to the extent of Rs. 51·00 lakhs which remained uncovered; the excess was explained as due to special Ways and Means Advances obtained on 27th and 29th March, 1965 having been repaid on 30th March, 1965.
- (iii) Provision to the extent of Rs. 2,00·00 lakhs was made under the group-head "A·2" for repayment of cash credit advances from the State Bank of India; Rs. 1,00·00 lakhs thereof remained unutilised which was stated to be due to non-availability of cash credit from the State Bank of India to the extent anticipated. The expenditure of Rs. 1,00·00 lakhs incurred under this group-head represents the repayment of such cash credit advance obtained during 1963-64.

Supplementary	7,66,29,800			
Amount surrendered during the year (March, 1965)				38,900

Notes and Comments—

- (i) The expenditure exceeded the total appropriation by Rs. 3,68,212, which requires regularisation.
- (ii) The excess over the appropriation may be traced mainly to the funds provided by supplementary appropriation in March, 1965 under the group-head "B—Other Ways and Means Advances" proving inadequate. In March, 1965 a supplementary appropriation of Rs. 7,66.30 lakhs was obtained for repayment of Ways and Means Advances of Rs. 8 crores received from the Government of India in June, 1964 for the clearance of the State Government's overdraft with the Reserve Bank of India; the balance, Rs. 33.70 lakhs was proposed to be met from the savings anticipated under other group-heads. The savings, however, did not materialise to this extent and this resulted in an excess expenditure of Rs. 3.68 lakhs over the appropriations.
- (iii) In the following group-heads, the provision remained unutilised to a substantial extent. The saving was stated to be due to less repayment of loans mainly on account of non-finalisation of terms of repayment.
