**Certificate of the Comptroller and Auditor General of India**

This compilation containing the Finance Accounts of the Government of Orissa for the year 1976-77 presents the accounts of the receipts and outgoings of the Government for the year, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. The Appropriation Accounts of the Government for the year for Grants and Charged Appropriations, presented separately, supplement this compilation.

These accounts have been prepared and examined under my direction in accordance with the requirements of Articles 149 and 151 of the Constitution of India and the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971. Subject to the observations in this compilation and to those in my Report on the accounts of the Government of Orissa for the year 1976-77, the accounts now presented are, according to my information, correct statements of the receipts and outgoings of the Government of Orissa for the year 1976-77.

## INTRODUCTORY

The accounts of Government are kept in three parts :-

Part I —Consolidated Fund

Part II —Contingency Fund

Part III —Public Account

In Part I, there are two main divisions, viz.;

- (1) **Revenue**—consisting of sections for 'Receipt Heads (Revenue Account)' and 'Expenditure Heads (Revenue Account)';
- (2) **Capital, Public Debt, Loans, etc.**—consisting of sections for 'Receipt Heads (Capital Account)', 'Expenditure Heads (Capital Account)' and 'Public Debt, Loans and Advances, etc.'

### *First Division*

The first division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure met therefrom, the net result of which represents the revenue surplus or deficit for the year.

### *Second Division*

In this division, the section 'Receipt Heads (Capital Account)' deals with receipts of capital nature which cannot be applied as set-off against the Capital expenditure.

The section 'Expenditure Heads (Capital Account)' deals with expenditure met usually from borrowed funds with the object either of increasing concrete assets of a material and permanent character or of reducing recurring liabilities. It also includes receipts of a capital nature intended to be applied as set-off against expenditure.

The section 'Public Debt, Loans and Advances, etc.', comprises loans raised and their repayments by Government such as 'Internal Debt' and 'Loans and Advances' made (and their recoveries) by Government. The section also includes certain special types of heads for transactions relating to 'Transfers from the Consolidated Fund to the Contingency Fund' and 'Inter-State Settlement'.

In Part II of the accounts are recorded the transactions connected with the Contingency Fund set up by Government under Article 267 (2) of the Constitution of India.

In Part III of the accounts, the transactions relating to 'Debt' (other than those included in Part I), 'Deposits', 'Advances', 'Remittances' and 'Suspense' are recorded. The transactions under 'Debt', 'Deposits', and 'Advances' in this part are those in respect of which Government incurs a liability to repay the money received or has a claim to recover the amount paid, together with the repayments of the former ('Debt' and 'Deposits') and the recoveries of the latter ('Advances'). The transactions relating to 'Remittances' and 'Suspense' in this part embrace all heads which are merely adjusting heads under which appear such transactions as remittances of cash between treasuries and currency chests, accounts between different accounting circles, etc. The initial debits or credits to these heads will be cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

2. *Sectors and Heads of Accounts* - Within each of the sections in Part I mentioned above the transactions are grouped into sectors, such as 'Tax Revenue', 'Non-Tax Revenue' etc., for the receipt heads (revenue account), and 'General Services', 'Social and Community Services', 'Economic Services', etc., for expenditure heads. Specific functions or services (such as education, medical aid, family planning, housing etc., in respect of Social and Community Services) are grouped in the sectors for expenditure heads. In Part III also the transactions are grouped into sectors, such as 'Small Savings, Provident Funds, etc.' and 'Reserve Funds', etc. The sectors are sub-divided into major heads of account. In some cases the sectors are, in addition, sub-divided into sub-sectors before their division into major heads of account.

The major heads are divided into minor heads, each of which has a number of subordinate heads, generally known as sub-heads. The sub-heads are further divided into detailed heads. Under each of these heads, the expenditure is shown distributed between charged and voted. Sometimes major heads are also divided into sub-major heads before their further division into minor heads. The sectors, major heads, minor heads, sub-heads and detailed heads together constitute a five-tier arrangement of the classification structure of Government Accounts. The major, minor and sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, sub-heads and other units of allotments which are adopted by the Finance Department for Demands for Grants; but in general a

certain degree of correlation is maintained between the Demands for Grants and the Finance Accounts.

The major heads of accounts, falling within the sectors for expenditure heads, generally correspond to functions of Government, while the minor heads, subordinate to them, identify the programmes undertaken to achieve the objectives of the function represented by the major head. The schemes or activities included in the programme generally correspond to sub-heads below a minor head representing a programme. Detailed heads give the object classification.

3. *Codification*—The sectors are distinguished by Capital letters of the alphabet in separate series for (i) receipt major heads (revenue account), (ii) expenditure major heads (revenue account) and (iii) capital section, public debt, loans and advances and public account. The sub-sectors are distinguished by small letters of the alphabet.

Each major head is allotted a code number which consists of a three digit Arabic number code. The first digit indicates whether a particular major head pertains to the 'Revenue Receipt' section/'Revenue Expenditure' section/'Capital Receipt' section/'Capital Expenditure' section/'Public Debt and Loans and Advances, etc.', section or to the 'Public Account'. The next two digits indicate the major heads. The digits indicating the major heads remain the same for the major head denoting the same function occurring in the several sections included in the Consolidated Fund.

Under this scheme of codification, the receipt major heads (revenue account) are assigned a block of consecutive serial numbers from 020 to 199, expenditure major heads (revenue account) from 211 to 399, expenditure major heads (capital account) from 411 to 599, major heads under 'Public Debt' from 601 to 610, and those under 'Loans and Advances', 'Inter-State Settlement' and 'Transfer to Contingency Fund' from 611 to 799. The code number 400 has been assigned for Capital receipt major head. The only major head 'Contingency Fund' in Part II-Contingency Fund has been assigned the code number 800. The major heads in the Public Account are assigned the code numbers from 801 to 899.

4. The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year April to March as distinguished from amounts due to or from Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and

presenting the true state of affairs of Government commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and are subjected to test check by the Indian Audit and Accounts Department.

5. The figures of actuals shown in the accounts are net, after taking into account the recoveries, although the Demands presented to the Legislature and the Appropriation Accounts are for gross expenditure and exclude all credits and recoveries which are otherwise taken as reduction of expenditure.

6. As indicated in paragraph 1 of the 'Introductory' to the Finance Accounts 1974-75, changes were introduced from April 1974 in the structure of accounts and classification of Government transactions. The progressive figures carried forward under different heads of account up to 31st March 1974 were to be shown against new heads of account effective from 1st April 1974. In many cases the progressive figure at the end of 1973-74 under an existing minor head was to be distributed under several new minor heads within a new major head, or, in some cases, even more than one major head. In several cases the schemewise identification and consequently functional reclassification of the expenditure already booked was not possible. As such, allocation of the progressive figures to new heads of account could not be made with reference to records maintained in the Accounts Offices and necessary information had to be collected from the departmental offices. As progressive figures of capital expenditure at the end of a year have been carried forward over many years past, collection of information necessary for distribution of such figures among the new heads of account effective from 1st April 1974 was further rendered difficult on account of many factors like reorganisation of departmental offices, reorganisation of Audit and accounts Offices and even reorganisation of States and integration of the former princely States. Attempt was made to distribute such figures on the basis of details/information obtained from the records available with the Indian Audit and Accounts Department or from Government departments. The Progressive figures up to 31st March 1974 which could not be distributed were shown in the Finance Accounts 1974-75 and 1975-76 either under a separate minor head 'Pre-1974-75 Outlay not allocated' or jointly against more than one minor head. The extent to which distribution has since been made is indicated in the Finance Accounts 1976-77.

### Explanatory Notes

1. Financial results of minor irrigation schemes have not been shown in this statement.

2. The net loss (Rs. 12,92.25 lakhs) expressed as percentage of the capital outlay to end of 1976-77 is 7.80. The irrigation projects which have been declared as commercial undertakings are mentioned at page 27 and twentyseven other multipurpose, major and medium irrigation projects are under execution.

3. *Collection of water rates*—According to rules framed by the Government in November 1961 for the assessment and realisation of water rates, these rates are being assessed and collected by the Revenue authorities, the gross collection being accounted for under major head "029-Land Revenue". The question of prescribing a procedure for transferring the net collection to the Irrigation major heads and allocation of revenue collected to individual schemes opened to service was taken up with the Government in 1968. The Government stated (August 1976) that the matter was under consideration in consultation with the Board of Revenue

4. *Non-assessment of betterment levy and water charges*—Betterment charges have not been levied on lands irrigated by the canals of irrigation schemes.

5. *Productive and unproductive works*—Works in the irrigation department are classified as "Productive and Un-productive" according as the net revenue (gross revenue less working expenses) derived from each work on the expiry of ten years from the closure of the construction estimate covers or does not cover the prescribed annual interest charges on the capital invested.

The productivity test involves certain *proforma* adjustments which do not appear in regular Government accounts. If a work classed as productive fails to yield the prescribed return for three successive years it is classed as "Un-productive". Similarly, if a work classified as un-productive yields for three successive years the prescribed return it is transferred to "Productive" class. The prescribed rate was 4 per cent on power and 3 per cent on irrigation for Hirakud Dam Project, 4 per cent for Orissa Canal Project and Rushikulya System, 4.5 per cent for Salandi Irrigation Project and Medium Irrigation Projects and 3.75 per cent for Delta Irrigation Project up to 31st March 1978. The information regarding the revision of such rate, if any, has not been received.

Hirakud Dam Project Stages-I and II have been classified as "productive" from 1966-67; the other major and medium irrigation Projects have been classed as "unproductive".

### 3 (ii) FINANCIAL RESULTS OF ELECTRICITY SCHEMES

1. *Machkund Hydro-Electric (Joint) Scheme*—The Government had undertaken the Machkund Hydro-Electric (Joint) Scheme in 1944 jointly with the Government of Andhra Pradesh with equal rights. Subsequently, it was decided that the Government of Orissa should transfer 20 per cent of its rights to the Government of Andhra Pradesh for 99 years in lieu of which the latter should pay compensation to the former according to the terms and conditions agreed upon between the two Governments. During construction period Orissa and Andhra Pradesh were to bear 30 per cent and 70 per cent respectively of the capital expenditure. The capital invested by the Government of Orissa to end of 1958-59 was Rs. 4,62.64 lakhs. Debts raised by the Government of Andhra Pradesh for Rs. 65.19 lakhs representing Orissa share (30 per cent) of the Capital expenditure during 1959-60 to 1975-76 have not been accepted by the Government of Orissa.

With the formation of the Orissa State Electricity Board from 1st March 1961 all the completed transmission and distribution systems and generating assets of Hirakud system and Talcher Thermal Scheme have been transferred to the Board. The Government have retained under it the Machkund Hydro-Electric (Joint) Scheme.

The actual receipts from sale of power and miscellaneous revenue of Machkund Hydro-Electric (Joint) Scheme were Rs. 1,24.74 lakhs in 1976-77 against working expenses of Rs. 52.25 lakhs exclusive of interest charges of Rs. 17.61 lakhs on capital provided by the Government. The gross receipts from the Scheme and the working expenses exclusive of interest on capital to end of 1976-77 were Rs. 10,74.19 lakhs and Rs. 5,16.13 lakhs respectively.

2. *Balimela Dam and Power Project*—The Project was taken up by the Government in 1961-62 jointly with the Government of Andhra Pradesh at an estimated cost of Rs. 24 crores. While the expenditure on the Dam was to be shared equally by the two Governments, 50 per cent of water of the reservoir was to be utilised by the power project (estimated cost Rs. 21.39 crores) in the Orissa side. Since the entire project is in execution by the Government of Orissa the expenditure in excess of the original estimate is being borne in full by the Government pending final agreement with the Government of Andhra Pradesh. The total expenditure on the Project at the end of 1976-77 was Rs. 77.51 crores (Dam Project : Rs. 40.87 crores and Power Project : Rs. 36.64 crores).

### Explanatory Notes

1. *Public Debt*—The total Public Debt of the State Government increased by Rs. 47.65 crores during the year 1976-77 and stood at Rs. 7,39.48 crores at the close of the year.

Further details of the outstanding debt are given in the statement no. 17 and annexure thereto.

2. *Internal Debt*—The internal debt of the State Government comprises (i) long term loans raised from the open market, (ii) loans received from the autonomous bodies (iii) cash credit accommodation by the State Bank of India, and (iv) Ways and Means Advances from the Reserve Bank of India to cover the gap in the State's resources.

(i) *Open Market Loans*—These are long term loans raised in the open market having a currency of more than twelve months. During the year a Loan of Rs. 15.92 crores bearing interest at 6 per cent was raised, of which Rs. 15.76 crores were realised in cash and Rs. 0.16 crore representing discount at one per cent were adjusted against interest. The loan is redeemable at face value in August 1986. In addition Rs. 0.01 crore raised during 1975-76 and lying under deposit account were adjusted against the 6 per cent open market loan 1985 on issue of scrips. During the year Rs. 10.06 crores were repaid in discharge of expired loans of earlier years to the extent tendered for discharge.

*Arrangement for amortisation*—The Government has constituted a sinking fund comprising two components viz. Sinking Fund (Depreciation) and Sinking Fund (Amortisation) for loans raised by it in the open market.

(a) *Sinking Fund (Depreciation)*—A sum equal to one and half per cent of the total nominal amount of loans raised up to 1970-71 was set apart annually to form a depreciation fund for purchasing the securities of the loans for cancellation. No such provision was made in respect of loans raised thereafter. A sum of Rs. 0.57 crore was appropriated from the revenue during the year in respect of the loans raised up to 1970-71.

(b) *Sinking Fund (Amortisation)*—Annual contribution is made to this fund from the revenue for amortisation of such loans at such rates as Government may decide from time to time. In addition to the contribution from the revenue interest realised on investment of the fund balances together with gain on realisation of securities is also credited to this fund. The amortisation arrangements have, however, been dispensed with by Government from 1974-75 in respect of open market loans.

The balances in these funds so far as these relate to open market loans at the commencement and close of 1976-77 are given below :—

Name of the fund	Balance on the 1st April 1976	Additions during the year	Withdrawals during the year	Balance on the 31st March 1977
1	2	3	4	5
( In crores of rupees )				
Sinking Fund ( Depreciation )	5.25	0.57	1.31	4.51
Sinking Fund ( Amortisation )	30.32	0.77	6.95	24.14
Total	35.57	1.34	8.26	28.65

Rupees 14.33 crores out of the total balance in the funds were invested in Government of India securities (Rs. 6.29 crores), securities of other States (Rs. 4.96 crores) and in debentures and bonds of Orissa State Co-operative Land Development Bank, Electricity Boards of Orissa and other States and Industrial Finance Corporation (Rs. 3.08 crores).

The annexure to statement no. 19 shows further particulars of sinking funds and investments made out of the accumulation in these funds in respect of each loan.

(ii) *Loans received from autonomous bodies*—This category of borrowings includes loans obtained from the Life Insurance Corporation of India, National Agricultural Credit Fund of the Reserve Bank of India, National Co-operative Development Corporation and Khadi and Village Industries Commission. During 1976-77 the Government received Rs. 4.63 crores from these bodies and paid Rs. 1.34 crores in repayment of the outstanding loans. Rupees 1.40 crores were paid by Government towards interest on these loans. Rupees 0.07 crore were appropriated from revenue to the Sinking Fund for amortisation of loans received from the Life Insurance Corporation of India.

(iii) *Cash credit accommodation by the State Bank of India* - Rupees 7 crores were outstanding at the commencement of the year on account of cash credit accommodation by the State Bank of India, Bhubaneswar branch. The Government availed of Rs. 15.75 crores afresh as short term loan for trading in food grains and repaid Rs. 18.75 crores during the year, leaving a balance of Rs. 4.00 crores at the close of the year. The Government paid Rs. 0.34 crore towards interest on these loans.

(iv) *Ways and Means Advances from the Reserve Bank of India* -

The short falls in the prescribed minimum of the cash balance of the State Government are made good by taking ways and means advances/ overdrafts from the Reserve Bank of India. These are borrowings of purely temporary character being repayable within twelve months. The Government obtained Rs. 1,09.31 crores as ways and means advances during 1976-77 on 129 days in addition to the outstanding of Rs. 0.25 crore at the commencement of the year and repaid Rs. 1,02.03 crores during the year leaving a balance of Rs. 7.53 crores. Overdrafts aggregating to Rs. 45.40 crores were also availed of by the Government on 53 days during the year. These were, however, repaid in full during the year. Interests of Rs. 0.36 crore and Rs. 0.05 crore were paid by Government on ways and means advances and overdrafts respectively.

3. *Loans from the Government of India*—Rupees 54.77 crores were received from the Government of India as loans during the year. The State Government repaid Rs. 20.55 crores during the year. Interest of Rs. 25.92 crores was also paid by Government on these loans.

(i) *Loans for industrial Housing Scheme*—The Government have made arrangement of amortisation for the repayment of loans received under this scheme. An amount equivalent to the actual recoveries made from the industrialists is transferred to a sinking fund. The balance of the fund at the end of 1976-77 was Rs. 0.19 crore of which Rs. 0.10 crore were invested in the securities of Government of India.

(ii) *Rehabilitation loans and loans under National Loan Scholarship Scheme* - In case of certain categories of loans, such as loans for rehabilitation of "Displaced persons from erstwhile East Pakistan", "Repatriates from Burma", "Displaced Goldsmiths" and loans under "National Loan Scholarship Scheme", the repayment by the State Government has been restricted to half of the principal of loan recovered from the beneficiaries of loans and the other half is retained by the State Government as grant from the Central Government. No repayment was made by Government during 1976-77. The State Government have, however, reduced their debt liability Rs. 0.08 crore by remitting the irrecoverable loan under "Loans to displaced persons from the erstwhile East Pakistan."

(iii) *Ways and Means Advances*—Rupees 4.16 crores were received from the Central Government as ways and means advances

for Plan schemes, of which Rs. 0.49 crore were adjusted against loans and Rs. 3.67 crores against grants.

4. *Small Savings, Provident Funds, etc.*—This comprises mainly the Provident Fund balances of the Government servants.

### (ii) Other obligations

In addition to the above, the balances at the credit of earmarked and other funds as also certain deposits, to the extent to which they have not been invested but are merged with the general cash balance of the Government also constitute the liability of the State Government. **Explanatory Notes**

1. The cash balance represents the combined balances of the Consolidated Fund, Contingency Fund and Public Account. The balance against Deposit with Reserve Bank shown in the Government account on 31st March 1977 is the balance arrived at after taking into account the inter Governmental monetary transactions pertaining to 1976-77 advised to the Reserve Bank of India up to the 25th April 1977.

2. Under an agreement with the Reserve Bank of India the State Government has to maintain with the Bank a minimum balance of Rs. 60 lakhs on all working days from 1st May 1976 (Rs. 30 lakhs up to 30th April 1976). The Bank informs the Government of its daily balance with the Bank at the close of each working day.

(a) There was a difference of Rs. 4.34 lakhs between the figure reflected in the accounts (Rs.—18,86.86 lakhs) and that intimated by the Reserve Bank of India (Rs.—18,82.52 lakhs). The difference to the extent of Rs. 9.96 lakhs has since been reconciled and adjusted. The remaining difference of Rs.—5.62 lakhs is under reconciliation (February 1978).

If the balance falls below the agreed minimum on any day the deficiency is made good either by taking a ways and means advance from the Reserve Bank or by rediscounting the treasury bills. The Bank allows ordinary and special ways and means advances up to a limit mutually agreed upon between the Bank and the Government. The limit of ordinary ways and means advances has been fixed at Rs. 6'00 crores from 1st May 1976 (Rs. 3'60 crores prior to this date). The Bank has also agreed to give special (secured) ways and means advances up to Rs. 6'00 crores against pledge of Government securities (Rs. 4'40 crores up to 30th April 1976). If even after the maximum advance is given, there is a shortfall in the minimum cash balance, the same is left uncovered. Overdrafts are given by the Bank if the State has a *minus* balance after availing of the maximum advance.

Prior to 1st May 1976, advances and shortfalls carried interest at 1 per cent below the Bank Rate and overdrafts at the Bank Rate. From 1st May 1976, the advances carry interest of one per cent below the Bank Rate for the first 90 days, one per cent above the Bank Rate beyond 90 days and up to 180 days and two per cent above the Bank Rate beyond 180 days. The Bank charges interest on the shortfall in the minimum balance at one per cent below the Bank Rate and on overdrafts at the Bank Rate up to and including the seventh day and at three per cent above the Bank Rate thereafter.

The extent to which the Government maintained the minimum balance with the Bank during 1976-77 is indicated below :—

(i) Number of days on which the minimum balance was maintained without obtaining any advance	82
(ii) Number of days on which minimum balance was maintained by taking ordinary and special ways and means advances	225
(iii) Number of days on which there was shortfall from minimum balance after taking above advances but no overdraft was taken	5
(iv) Number of days on which overdraft was taken	53

3. An analysis of the investments held in the Cash Balance Investment account is given below :—

	Amount (Rupees in lakhs)
(i) Government of India Securities	61.81
(ii) Balances in the current accounts with certain Banks opened by the former rulers of ex-States which merged with Orissa	3.86
(iii) National and Defence Savings Certificates	0.06
Total	65.73

The interest realised during the year on investment was Rs. 7.76 lakhs which included Rs. 4.02 lakhs being interest on treasury bills of Rs. 45,02.62 lakhs rediscounted during 1976-77.

4. The investments from out of the earmarked funds at the end of the year were for Rs. 14,43.28 lakhs, details of which are given in the Annexure to the statement no. 19. Interest realised on these investments was Rs. 77.35 lakhs during the year.

5. Details of investments in debentures of statutory corporations and co-operative institutions are given in statement no. 14.

### Explanatory Notes

The significance of the term 'Government Account' is explained in note '3' below. The other headings in the summary take into account the balances under all accounts head in the Government books where the Government has a liability to repay the moneys received or has a claim to recover the amount paid and also heads of account opened in the books for adjustment of remittance transactions. It must be understood that these balances cannot be regarded as complete record of the financial position of the Government of Orissa as these do not take into account the physical assets of the State such as land, buildings, communications etc. or any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by the Government.

2. A summary of receipts, disbursements and balances under Debt, Contingency Fund and Public Account is given in statement no. 16.

In a number of cases there are unreconciled differences in the closing balance as reported in statement no. 16 and that shown in the separate registers or other records maintained in the Accounts Office/Departmental Offices for the purpose. Steps are being taken to settle the discrepancies as soon as possible. In many cases the full details and documents required for the purpose are awaited from departmental/treasury officers; some cases are detailed in Appendix-II.

The balances are communicated to the departmental officers every year for acceptance thereof. In a large number of cases such acceptances have not been received (February, 1978). Some instances where the verification and acceptances of balances involving large amounts have been delayed are given in Appendix-III. In many cases the delay extends over several years.

3. *Government Account*—Under the system of book-keeping followed in Government accounts, the amounts booked under revenue, capital and other transactions of Government, the balances of which are not carried forward from year to year, are closed to a single head called "Government Account". The balance under this head represents the cumulative result of all such transactions so that after adding thereto the balances under the

heads of account relating to Public Debt, Loans and Advances, Small Savings, Provident Funds, etc., Reserve Funds, Deposits and Advances, Suspense and Miscellaneous (other than Miscellaneous Government Account), Remittances and the Contingency Fund, the closing cash balance at the end of the year may be worked out and proved. The Government Account for 1976-77 given below will show how the net amount at the close of the year has been arrived at :—
