## SUMMARY OF APPROPRIATION ACCOUNTS -Concid.

As the grants and appropriations are for gross amounts required for expenditure, the expenditure figures shown against them do not include recoveries which are adjusted in the accounts in reduction of expenditure. The net expenditure figures are shown in the Finance Accounts.

The reconciliation between the total expenditure according to the Appropriation Accounts for the year 2003-2004 and that shown in the Finance Accounts for that year is indicated below:-

Net total expenditure a shown in Statement No 10 of the Finance Accounts		41,18,09,47	33,69,03,12	56,52,97,79		

The Appropriation Accounts have been prepared and examined under my direction in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971. On the basis of the information and explanations that my officers required and have obtained, I certify that these accounts are correct, subject to the observations in my Report(s) on the accounts of the Government of Bihar being presented separately for the year ended 31st March 2004.

### Notes and Comments -

Revenue ( Voted )

- (i) In view of the final saving of Rs. 73,90.98 lakh, supplementary grant of Rs. 4,61.11 lakh obtained in August 2003 ( Rs.4,49.31 lakh), December 2003 ( Rs.3.00 lakh) and March 2004(Rs.8.80 lakh) proved wholly unnecessary and could have been restricted to token amounts where necessary.
- (ii) Provision surrendered (Rs.38,33.12 lakh) fell short of the final saving (Rs. 73,90.98 lakh) by Rs.35,57.86 lakh.

#### Grant No. -3 contd.

(xi) Suspense Transactions: (a) Out of the expenditure under the grant, no amount was booked under the head "Suspense" which is not a final head of account Transactions booked under this head, not adjusted under final heads of account, are carried forward from year to year. The transactions include both debits and credits. The minor head "Suspense." Has four subdivisions viz, (i) Stock (ii) Purchases (iii) Miscellaneous Work Advances and (iv) Workshop Suspense.

The nature of transactions under each of these sub-divisions is explained below:

(i) **Stock**: This head is charged with value of materials received for stock purposes (not for any particular works). Value of the materials issued for use on works or otherwise disposed of is reduced from such a charge. The balance represents the value of materials held in stock.

(ii) **Purchase**: When materials are received for specific works or for holding in stock without being paid for or adjusted during a month, their value is credited to the sub head "Purchases" by contra debit to the particular "Works" head of account or "Stock" sub head as the case may be. When payment is made or the value is adjusted by transfer of stores to other, the head "Purchases" is debited with the amounts thus relieving it of initial credit. This head will, therefore, show a negative balance representing the value of materials received but not paid for or adjusted. With effect from 1974-75, this sub head was abolished and the transactions of this nature are to be recorded under the head "8658 Suspense Accounts, 129 Material Purchase settlement suspense Account". But the Departments, viz., Building Construction Department and Roads Construction Department are still following the pre 1974-75 classification.

(iii) **Miscellaneous Works Advances**: Under this sub head are booked debits for the value of stores sold on credit, expenditure incurred on deposit works in excess of deposits received., losses of cash or stores not written off and sums recoverable from Government Servants etc. A debit balance under the sub head thus represents recoverable amounts.

(iv) Workshop Suspense: The charges for jobs executed or other operations in Public works Departmental Workshop are debited to this sub head pending their recovery or adjustment.

(b) The details of the transactions under each of these sub-divisions during 2003-2004 together with the opening and closing balances are given below:

Head	Opening On 1 <sup>st</sup> Ap		debits	Credits	Net	closing balance

(xii)Review of Establishment and Machinery and equipment charges of Building and Housing Construction Department - From the gross charges on establishment and machinery and equipment charges of Public Works Department, percentage recoveries for work done for other Governments, local bodies, etc., are deducted and the balance is distributed among the appropriate heads of account in proportion to the works outlay recorded thereunder. The table below shows these, charges for the year 2001-2002 to 2003-2004 and their percentages to the works outlay during these year:-

Under the system of gross budgeting, the Demands for Grants placed in the legislature are for gross amounts required for expenditure. Cosequently, the amount of recoveries which are adjusted in accounts in reduction of expenditure, are ignored and are shown as recovery below the line in the Budget. According to the budgeting and accounting procedure prescribed in the scheme also, the extent of relief expenditure to be financed from the Fund is to be shown as 'recovery below the line' in the Demands for Grants of the State Government. Contrary to this, grants were obtained for net amount of expenditure arrived at after deducting the extent of relief expenditure (Rs.77,52.00 lakh) proposed to be met from Calamity Relief Fund from the gross amount.

No sanction was accorded for transfer of relief expenditure to the Calamity Relief Fund. This resulted in excess under this subhead.

### (V) Calamity Relief Fund (Regular)

As per the IXth Finance Commission recommendation, a scheme was formulated by Government of India for providing natural calamity relief assistance to the State Governments, which came in force from the financial year 1990-91 and was operative till the end of the financial year 1994-95. The Xth Finance Commission recommended continuation of the scheme of the Calamity Relief Fund with effect from the year 1995-96 and it was operative till the end of the financial year 1999-2000. Government of India, Ministry of Finance, Department of Expenditure, Plan Finance Division vide letter no. 43(1)PFI/2000 dated 24-11-2000 have accepted the recommendation of XIth Finance Commission which again recommended continuance of the Calamity Relief Fund Scheme with some modifications, till the end of the year 2004-2005. According to the scheme, Calamity Relief Fund (C.R.F.) was to be created by each State for financing Natural Calamity Relief assistance.

Government of India would contribute 75 percent to the Fund as grants-in-aid which 25 percent should be contributed by the State. The scheme also stipulated that accretions to the fund together with the income earned on the investment of the fund should be invested through Reserve Bank of India in accordance with the following pattern :

- (a) Central Government dated securities;
- (b) Auctioned Treasury Bills
- (c) Interest earning deposits and certificates of deposits with Scheduled Commercial Banks; and
- (d) Interest earning deposits with Co-operative Banks.

The amount of annual contribution to the C.R.F. of successor Bihar for each of the financial years from 2000-01 to 2004-05 would be as follows:-

	2000-01	2001-02	2002-03 (Rupees	2003-04 in lakh)	2004-05	Total
Centre's Share (75%)	5022	5273	5537	5814	6105	27751
State's Share (25%)	1674	1758	1845	1938	2.035	9250
Total	6696	7031	7382	7752	8140	37001

The Centre's Share of annual contribution to the C.R.F. for the year 2000-01 was released on 14<sup>th</sup> March 2001. However, no amount could be transfer credited to the fund for want of budget provision. This was done towards the end of the year 2001-02.

The annual contribution for the year 2001-02 (Rs. 7031 lakh) and 2002-03 (Rs. 7382 lakh) was transfer credited to the Fund on 2<sup>nd</sup> August 2002 (Rs. 35,15.50 lakh for 2001-02) and 22<sup>nd</sup> January 2003 (Rs. 1,08,97.50 lakh including Rs. 35,15.50 lakh for 2001-02). Thus, upto 2002-03 a total amount of Rs. 21109 lakh has been credited to the Fund. For the year 2003-04, Government of India released the first instalment of its annual contribution amounting to Rs. 2907 lakh on 18<sup>th</sup> September 2003. No amount was transferred to the Fund for want of sanction by the State Government.

As required under the scheme, a State level Committee has been constituted by the State Government to administer the Fund. The Committee assess the requirements of assistance from the fund for financing relief expenditure. The provision for expenditure on relief is to be made in the Budget of the State Government. The extent of relief expenditure to be financed from the Fund as decided by the Committee is transfer debited to the Fund. During 2003-04, no order for meeting relief expenditure out of the said Fund has been issued by the State Government.

No amount was invested in specified Securities as stipulated in the scheme and the amount remained merged with the cash balance.

National Calamity Contingency Fund: On the recommendation of the Eleventh Finance Commission, Government of India has constituted a National Calamity Contingency Fund (NCCF) to deal with the Calamities of rare severity. Natural Calamities of Cyclone, drought, earthquake, fire, flood and hailstorm, considered to be of severe nature requiring expenditure by the State Government in excess of the balances available in its own Calamity Relief Fund qualify for relief assistance under the scheme. The assistance received from NCCF is treated as Grants-in-aid from Central Government and is required to be transferred to the CRF of the State.

During 2001-02, a grant of Rs. 29.67 lakh was received from the NCCF on 14<sup>th</sup> March 2001. Necessary accounting adjustment for transfer crediting the amount to CRF though sanctioned by the State Government in August 2002 has not been done in the account for 2002-03 and 2003-04.

#### Grant no.41 contd.

(X) **Suspense Transactions :** (a) Out of the expenditure under the grant no amount was booked under the head "Suspense" which is not a final head of account. Transactions booked under this head, not adjusted under final heads of account, are carried forward from year to year The transactions include both debits and credits. The minor head "Suspense" has four subdivision viz.(i) Stock (ii) Purchase (iii) Miscellaneous Works Advances and (iv) Workshop Suspense.

The nature of transactions under each of these sub-divisions is explained below:

(i) Stock: This head is charged with value of materials received for stock purposes (not for any particular works). Value of the materials issued for use on works or otherwise disposed of is reduced from such a change. The balance represents the value of materials held in stock.

(ii) **Purchase** : When materials are received for specific works or for holding in stock without being paid for or adjusted during a month, their value is credited to the sub head "Purchases" by contra debit to the particular "Works" head of account or "Stock" sub head as the case may be. When payment is made or the value is adjusted by transfer of stores to other, the head "Purchase" is debited with the amounts thus relieving it of initial credit. This head will, therefore, show a negative balance representing the value of materials received but not paid for or adjusted. With effect from 1974-75, this sub head was abolished and the transactions of this nature are to be recorded under the head "8658" Suspense Accounts, 129 Material Purchase settlement suspense Account". But the Departments, viz, Building Construction Department and Roads Construction Department are still following the pre 1974-75 classification.

(iii) **Miscellaneous Works Advance**: Under this sub head are booked debits for the value of stores sold on credit, expenditure incurred on deposit works in excess of deposits received losses of cash or stores not written off and sums recoverable from Government Servants etc. A debit balance under the sub head thus represents recoverable amounts.

(iv) Workshop Suspense: The charges for jobs executed or other operations in Public Works Department Workshop are debited to this sub head pending their recovery or adjustment.
