# AUDITOR GENERAL OF INDIA

This compilation containing the Finance Accounts of the Government of Kerala for the year ending 31<sup>st</sup> March 2010 presents the accounts of the receipts and disbursements of the Government for the year, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. The Appropriation Accounts of the Government for the year for Grants and Charged Appropriations are presented in a separate compilation.

The Finance Accounts have been prepared under my supervision in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 and have been compiled from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices, and departments responsible for the keeping of such accounts functioning under the control of the Government of Kerala and the statements received from the Reserve Bank of India. However, two statements (No. 9 and 14) and one appendix (X) in this compilation have been prepared mainly from the data directly obtained from the Government of Kerala who are responsible to ensure the correctness of such information.

The treasuries, offices, and/or departments functioning under the control of the Government of Kerala are primarily responsible for preparation and correctness of the initial and subsidiary accounts as well as ensuring the regularity of transactions in accordance with the applicable laws, standards, rules and regulations relating to such accounts and transactions. I am responsible for compilation, keeping of the accounts, preparation and submission of Annual Accounts to the State Legislature. My responsibility for the compilation, preparation and finalisation of accounts is discharged through the office of the Accountant General (A&E). The audit of these accounts is independently conducted through the office of the Principal Accountant General (Audit) in accordance with the requirements of Articles 149 and 151 of the Constitution of India and the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971, for expressing an opinion on these Accounts based on the results of such audit. These offices are independent organisations with distinct cadres, separate reporting lines and management structure.

The audit was conducted in accordance with the Auditing Standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance that the accounts are free from material misstatement. An audit

includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements.

On the basis of the information and explanations that my officers required and have obtained, and according to the best of my information as a result of test audit of the accounts and on consideration of explanations given, I certify that, to the best of my knowledge and belief, the Finance Accounts read with the explanatory 'Notes to Accounts' give a true and fair view of the receipts and disbursements for the purpose of the Government of Kerala for the year 2009-2010.

Points of interest arising from study of these accounts as well as test audit conducted during the year or earlier years are contained in my Reports on the Government of Kerala being presented separately for the year ended 31<sup>st</sup> March 2010.

### **Guide to the Finance Accounts**

### A. Broad overview of the Structure of Government Accounts

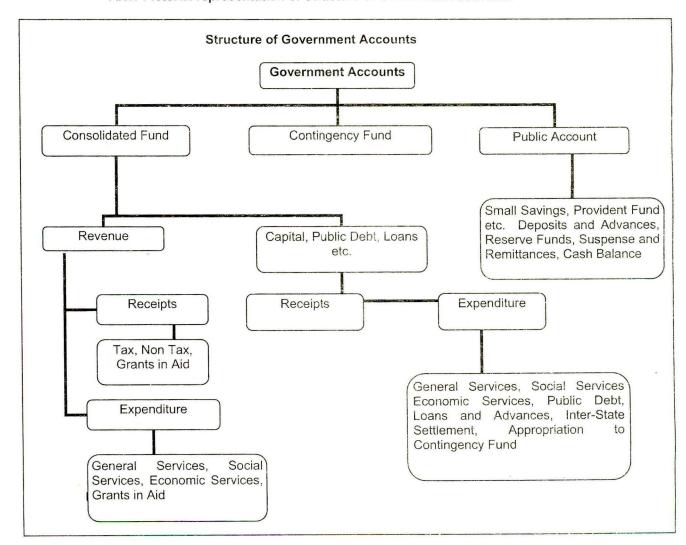

1. The Accounts of the Government are kept in three parts:

Part I: The Consolidated Fund: All Receipts and Expenditure on Revenue and Capital Account, Public Debt and Loans & Advances forms the Consolidated Fund of the State

Part II: The Contingency Fund: Legislature may by law establish a Contingency Fund which is in the nature of an imprest. The Fund is placed at the disposal of the Governor to enable advances to be made for meeting unforeseen expenditure pending authorisation of such expenditure by the State Legislature. The fund is recouped by debiting the expenditure to the concerned functional major head in the Consolidated Fund of the State.

Part III: The Public Account: All other public moneys received by or on behalf of the Government are credited to the Public Account. The expenditure out of this account is not subject to the vote of the Legislature. In respect of the receipts into this account, the Government acts as a banker or trustee. Transactions relating to Debt (other than public debt in Part I), Deposits, Advances, Reserve Funds, Remittances and Suspense form the Public Account.

### A.1.1 Pictorial representation of Structure of Government accounts

### 2. DIVISIONS, SECTIONS, SECTORS etc

The two main divisions of the Accounts in the Consolidated fund are, as depicted in A.1.1 on previous page, 'Revenue and 'Capital, Public Debt, Loans etc.' which are divided into sections 'Receipts 'and 'Expenditure'. Within each of the Divisions and Sections of the Consolidated Fund the transactions on the expenditure side are grouped into Sectors such as, "General Services", "Social Services", "Economic Services", under which specific functions or services shall be grouped. The Sectors are sub-divided into Sub-sectors/Major heads of account. Major heads correspond to functions and are further divided into sub major heads (sub functions) and minor heads (programmes) which are depicted in volume 2 of the Finance Accounts. The classification below minor heads of account i.e. subheads (schemes) and detailed and object heads (objects of expenditure) are not depicted in the Finance Accounts (minor exceptions exist), though some details are included in the appendices.

### B. WHAT DO THE STATEMENTS CONTAIN

The Finance Accounts have been divided into two volumes. Volume 1 presents the financial statements of the Government in the form of commonly understood summarised form while the details are presented in volume 2.

**Volume** 1 contains the Certificate of the Comptroller and Auditor General of India, four summary statements as given below and Notes to Accounts including accounting policy.

- Statement of financial position: Cumulative figures of assets and liabilities of the Government, as they stand at the end of the year, are depicted in the statement. The assets are largely financial assets with the figures for progressive capital expenditure denoting physical assets of the Government. Assets, as per the accounting policy, are depicted at historical cost.
- 2. Statement of receipts and disbursements: This is a summarised statement showing all receipts and disbursements of the Government during the year in all the three parts in which Government account is kept, namely, the consolidated fund, contingency fund and public account. Further within the consolidated fund, receipts and expenditure on revenue and capital account are depicted distinctly.

The fiscal parameters of the Government, i.e. the primary, revenue and fiscal deficit are calculated on the operations of the consolidated fund of the State. Hence the following two statements give the operations of the consolidated fund in a summarised form.

- 3. Statement of receipts in Consolidated Fund: This statement comprises revenue and capital receipts and receipts from borrowings of the Government consisting of loans from the Government of India, other institutions, market loans raised by the Government and recoveries on account of loans and advances made by the Government.

In addition the volume comprises an appendix, Appendix 1 showing cash balances and investments of cash balances.

### **NOTES TO ACCOUNTS**

### 1. Summary of significant accounting policies:

- (i) **Entity and Accounting Period**: These accounts present the transactions of the Government of Kerala for the period 1st April 2009 to 31st March 2010.
- (ii) Basis of Accounting: With the exception of some book adjustments (note below) the accounts present the actual cash receipts and disbursements during the accounts period. Assets are valued at historical cost and Government investment etc is shown at historical cost. Physical assets are not depreciated or amortised. The loss of physical assets at the end of its life is also not expensed or recognised.

The pension liability of the Government, i.e. the liability towards payment of retirement benefits for the past and present service of its employees is not included in the accounts. However, the retirement benefits disbursed during the accounts period have been reflected in the accounts.

The expenditure on pension and other retirement benefits to State Government employees and employees of aided educational institutions during the year was ₹ 4705.50 crore (15.11% of total revenue expenditure). The State Government has not implemented the new Defined Contribution Pension Scheme.

- (iii) Currency in which Accounts are kept: The accounts of the Government are kept in Indian Rupees.
- (iv) Form of Accounts: Under Article 150 of the Constitution, the accounts of the Union and of the States are kept in such form as the President may on the advice of the Comptroller and Auditor General prescribe. The word 'Form' used in Article 150 has a comprehensive meaning so as to include the prescription not only of the broad form in which the accounts are to be kept but also for selecting appropriate heads under which the transactions are to be classified.

### (v) Classification between Revenue and Capital.

Revenue expenditure is recurring in nature and is supposed to be met from revenue receipts. Capital Expenditure is defined as expenditure incurred with the object of increasing concrete assets of a material and permanent character. Expenditure on Grants-in-Aid is recorded as revenue expenditure in the books of the grantor. In the books of the recipient it is taken as revenue receipt.

2. Status on inclusion of statements/information recommended by Twelfth Finance Commission in the Finance Accounts.

The Twelfth Finance Commission (TFC) in their Report submitted to the Government of India in November 2004 had recommended inclusion of the following eight additional statements/information for greater transparency and to enable informed decision making pending

transition from cash to accrual basis of accounting:-

- (i) Statement of subsidies given both explicit and implicit
- (ii) Statement containing expenditure on salaries by various departments/units
- (iii) Detailed information on pensioners and expenditure on Government pensions
- (iv) Statement containing information on debt and other liabilities as well as repayment schedule
- (v) Statement on accretion and erosion in financial assets held by the Government including those arising out of changes in the manner of spending by the Government
- (vi) Statement on committed liabilities in the future
- (vii) Statement on implication of major policy decisions taken by the Government during the year or new schemes proposed in the budget for the future cash flows
- (viii) Statement on maintenance expenditure with segregation of salary and non-salary portion

Out of these, statements/information mentioned at (i) to (iv) and (viii) have been included in the Finance Accounts except information on implicit subsidy. The remaining three statements have not been included in the Finance Accounts since the formats of these statements are being revisited and information is also not available with the State Government.

### 3. Bookings under Minor Head '800 Other Expenditure'

₹ 3017.45 crore under 77 Major Heads of accounts (representing functions of the Government) was classified under the Minor Head '800 Other Expenditure' in the accounts constituting more than nine per cent of the total expenditure recorded under these Major Heads. | 2009-10       | 2.16                      | 21          |

Out of this difference, items relating to ₹ 2.08 crore (net debit) have been identified and taken into account during the next accounting period.

### 7. Guarantees given by Government

8. In respect of Loans and Investments, for which detailed accounts are kept by the State Government departments, constant efforts are made to obtain complete information.

- 11. Under the Contingency Fund, expenditure of ₹ 26.27 crore remained unrecouped at the end of the year.
- 12. The State Government provides funds to State/District level autonomous bodies and authorities, Local Self Government Institutions, Public Sector Undertakings, Co-operative Societies, Non-Governmental Organisations, etc. for implementation of Centrally Sponsored Schemes and State Schemes. Since the funds are generally not being spent fully by the implementing agencies in the same financial year, there remain unspent balances in the bank accounts of these implementing agencies. The aggregate amount of the unspent balances in the accounts of the implementing agencies kept outside Government accounts (in bank accounts) is not readily ascertainable. The Government expenditure as reflected in the Accounts to that extent is, therefore, not final.

### 13. Outstanding balance under the head 'Cheques and Bills'

This head is an intermediary accounting head for initial record of transactions which are eventually to be cleared. Payment of claims against Government is made by treasuries by means of pay order cheques (Treasury Cheques). The outstanding balance under Treasury cheques represents the amount of uncashed cheques. There is an outstanding balance (cumulative) of ₹ 1290.07 crore under the head as on 31st March 2010. To the extent of the amount outstanding under 'Cheques and Bills' the Government cash balance stands overstated.

### CASH BALANCES AND INVESTMENTS OF CASH BALANCES Contd.

### **Explanatory Notes**

### a) Cash and Cash Equivalents

Cash and cash equivalents consist of cash in treasuries and deposit with Reserve Bank of India and other Banks and Remittances in Transit, as stated above. The balance under the head 'Deposits with Reserve Bank' depicts the combined balance of the Consolidated Fund, Contingency Fund and the Public Account at the end of the year. To arrive at the overall cash position, the cash balances with treasuries, departments and investments out of the cash balances/reserve funds, etc. are added to the balance in 'Deposits with Reserve Bank of India'.

### (b) Daily Cash Balance

Under an agreement with the Reserve Bank of India, the State Government has to maintain a minimum cash balance of ₹ 1.66 crore with the Bank. The Bank intimates to Government the daily balances with the Bank at the close of each working day. If the balance falls below the agreed minimum on any day, the deficiency is made good by taking ordinary and special ways and means advances/overdrafts from time to time.

For arriving at the daily cash balance¹ for the purpose of grant of Ways and Means advances/Overdraft, the RBI evaluates the holdings of the 14 day Treasury Bills along with the transactions reported (at RBI counters, Inter-Government transactions and Treasury transactions reported by the agency banks) for the day. To the cash balance so arrived, the maturity of 14 day Treasury Bills, if any, is added and excess balance, if any, after maintaining the minimum cash balance is reinvested in Treasury Bills. If the net cash balance arrived at results in less than the minimum cash balance or a credit balance and if there are no 14 day Treasury Bills maturing on that day, RBI rediscounts the holdings of the 14 day Treasury Bills and makes good the shortfall. If there is no holding of the 14 day Treasury Bills on that day the State Government applies for Ways and Means Advances/Special Ways and Means Advances/Over Drafts.

If the cash balance falls below the stipulated minimum even after availing the maximum amount of Special and Ordinary Ways and Means advances, such shortfall attracts payment of interest to the Bank. If the cash balance has fully run down and expenditure exceeds the available cash balance, the Bank gives Overdrafts

The cash balance ('Deposits with RBI') above is the closing cash balance of the year as on 3ft March but worked out by 16 April and not simply the daily balance on 3ft March.

which automatically cover the minus balance. As per the overdraft regulation scheme, no State shall be allowed to run on overdraft for more than fourteen consecutive working days, or more than thirty six working days in a calendar quarter. The overdraft shall not exceed 100 per cent of Ordinary Ways and Means limit. If the overdraft exceeds this limit continuously for five working days for the first time in a financial year, the Bank will advise the State to bring down the overdraft level. If such irregularity persists on a second or subsequent occasion, payment will be stopped.

(c) The limit for Ordinary Ways and Means Advances to the State Government was ₹ 350 crore with effect from 1st April 2006. The Bank has also agreed to give Special Ways and Means advances against the pledge of Government Securities. The limit of special ways and means advances is revised by the Bank from time to time.
