**APPROPRIATION ACCOUNTS****GRANT NO-10 contd.****(xi) Suspense Transactions**

The expenditure under this grant includes Rs.2,48,51.82 lakh under Revenue Section and Rs.9.97 lakh under Capital Section accounted for under minor head "Suspense".

This head is not a final head of account but is meant to accomodate certain interim transactions for which further payment or adjustment of value is necessary before the transaction could be considered complete and finally accounted for. Accordingly, the transactions under this head if not adjusted under the final head of account, are carried forward from year to year. The Suspense head has three sub-divisions; (i) Stock, (ii) Miscellaneous Works Advances and (iii) Workshop Suspense.

The nature and accounting of the transactions under each of these sub-divisions are explained below:-

**(i) Stock-**

This sub head is debited with the value of materials acquired not for any particular work but for the general use of the divisions. It is credited with the value of materials issued to works or transferred to other divisions or otherwise disposed of. This sub-head will, therefore, show a debit balance representing the value of materials held in stock plus unadjusted charges connected with manufacture, if any.

**(ii) Miscellaneous Public Works Advances -**

This sub-head accomodates debits for the stocks sold on credit; expenditure incurred on deposit works in excess of deposits received, payment made for stores not yet received, losses of cash or stores not written off and sums recoverable from Government servants, etc. A debit balance, thus represents recoverable amount.

**(iii) Workshop Suspense -**

This sub-head is debited with all charges on the jobs or other operations in departmental workshops. On the completion of a job, the charges concerning that job, debited to this sub-head are cleared by recovery or transfer to the final head concerned. Debit balance under this head thus, represents charges on unfinished jobs/operations or the expenditure on jobs, etc., not recovered or adjusted.

An analysis of the "Suspense" transactions accounted for under this grant during 2007-2008 with the opening and closing balances under the different sub-heads is given below:-
